(Continued from Page 27) professional help is needed. The overwhelming majority of cold, unresponsive children are not autistic, but rejected.

Dear Ann Landers: For Christmas, Bobby gave me a watch and an identification bracelet. I gave him a sweater. We were going steady at the time.

Now that we have broken up he says he wants the watch and the I. D. bracelet back. He says he would be happy to return the sweater I gave him.

I have no use for the sweater and as far as I'm concerned he can keep it. I don't know what good the watch or bracelet will be to him since my initials are engraved on both. Please tell me what to do. — KITTY CAT

Dear Cat: Return the loot and let HIM figure out what to do with it. If he wants to return the sweater you gave him—take it.

The idea is this, Toots: He wants to unwind completely. Be a lady and don't fight it.

If alcohol is robbing you or someone you love of health and dignity, send for ANN LANDERS' booklet, "Help for the Alcoholic," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

Shown at the left is a new public telephone that tells the operator electronically how much money has been deposited. . . you don't hear any gongs or chimes. Other new features are a single slot for nickels, dimes and quarters, and handset (or receiver) placement similar to a home wall phone. The streamlined new coin phone started making its first appearance in some locations in California in March.

Our changing times: The first telephone ad in 1877 offered for rental "telephones for the transmission of articulate speech through instruments not more than 20 miles apart." Today you can reach 140,000,000 phones . . . some 98% of all the telephones in the world.

"Money at work means men at work" is the slogan of Invest-in-America Week, April 28 to May 4. Investing in America may seem like a big order. But actually it's a matter of looking at it the way the Invest-in-America Council does. They say: "All over America people are saving and investing, providing the capital needed for more schools, homes and factories. These things, in turn, lead to more jobs, more opportunity, and better living for everyone."

INVEST IN AMERICA

You're never alone . . . when you have a telephone.

CALLING IS AS EASY AS ONE-TWO-THREE

Our sparkling spring colors will not only make calling more pleasant, but will enhance the beauty of your home. Call your business office today and find out how for just a few pennies a day you can make those treasured calls to loved ones more often with added enjoyment.
