Airman 3/c James F. Hickerson is being reassigned to Kindley AFB, Bermuda, following his graduation from the United States Air Force technical training course for aircraft mechanics at Sheppard AFB, Tex.

Airman Hickerson, son of Mr. and Mrs. T. O. Hickerson Sr. of 25054 Eshelman Ave., Lomita, was trained to maintain and service reciprocating engine aircraft and aircraft systems.

Watch Judo In Action

Members of the Torrance Optimist Club got a first hand look at the techniques of the ancient art of judo during their Monday evening meeting. Two judo experts representing the U. S. Air Force, explained the history of the art, explained the techniques, and then demonstrated each of the several basic judo moves. Optimist Ernie Dandoy introduced the program which was under the direction of S/Sgt. William D. Edwards of the Air Force. Assisting in the demonstrations and discussion were Sergeants Stauble, Tyrell, and Graham, who showed that judo was primarily a defensive action. Use of judo by U.S. military forces was accelerated following the Korean War, the service club members were told. At that time only two of the nation's major colleges were conducting classes in judo. At the present time, nearly all major schools have classes, and in many colleges judo has taken its place as a college sport, according to Optimist Roy Zhe, who reported the program. Enjoying the demonstrations were seven members of the Redondo Beach Optimist Club, who had been introduced by President R. K. Petrat earlier.

Victor Knolls Offers Complete Home Package

"Never before has so much home been offered for such a reasonable price as is now available at Victor Knolls in the heart of Torrance, the All-America City," states John Lowther, sales director of this new Ray Watt residential development.

Offering two-story, luxury homes with four bedroom and two baths for prices starting at \$30,500, Victor Knolls is a complete home package with all normal extras included as standard items. Wall-to-wall carpeting, built-in range and oven, garbage disposer, dishwasher and Formica-covered breakfast bar are but a few of the top brand name installations featured in each Victor Knolls home.

LOWTHER stressed the convenience of location of these Balanced Power homes as a major selling factor. Only five minutes to the Del Amo Shopping Center and close to both

the Harbor and San Diego Freeways, Victor Knolls is a quiet residential area designed for the growing family with special "Child Safe" streets.

Elementary schools, both public and parochial, are but a short walking distance from Victor Knolls.

"ONLY WHEN these homes are seen in person does the true picture of so much for so little come into focus. The new residents of Victor Knolls are our best salesmen because of their complete satisfaction," states Lowther.

The furnished model is open daily for inspection at the easy to reach location of Victor and Emerald avenues in Torrance.

Students Need 20's Costumes

Costumes of the "Roaring Twenties" period are needed by Harbor College students who will appear in "The Show-Off," which will open in two weeks. The drama department at Harbor would appreciate calls from persons who have costumes to lend.
