Know Your Traffic Laws

Prepared in cooperation with the Traffic Education Bureau of the Torrance Police Department

the majority of our school-age driving in areas where children children. This means that there will be added hazards in the residential areas, city playgrounds, and school playgrounds, not to mention the

that all drivers exercise added care and caution during this vacation period. As drivers we

Armed Forces

Army PFC Orville D. Duncan, son of Mr. and Mrs. Orville Duncan of 2456 236th St., and PFC Gregory C. LaCombe, son of Mr. and Mrs. Louis L. La-Combe of 525 W. 214th St., are participating in a SEATO ground defense exercise in Thailand.

The exercise is designed to test the capability of SEATO member nations in implementing defense plans against overt aggression.

Duncan, a rifleman in Company A of the 2nd Battle Group, entered the Army in October, 1961 and completed basic training at Ft. Ord.

La Combe is a radio operator in Company D of the 2nd Air-borne-Battle Group. He en-tered the Army in November 1961, and also completed train-ing at Ft. Ord.

Allred of 1512 Crenshaw Blvd., participated in operations participated in operations aboard the attack aircraft car-rier USS Kitty Hawk on June 6 during a visit to the ship by President John F. Kennedy. The Kitty Hawk was one of

The Kitty Hawk was one of several ships engaged in maneuvers off the coast of California during the President's visit to San Diego Navy and Marine installations.

Summer vacation is here for | must be particularly alert while will be playing and drive at re-duced rates of speed so that we will be better able to stop our car should an emergency arise.

THERE ARE many tell-tale grounds, not to mention the hundreds of boys and girls riding their bicycles during the hours they normally would be in school.

With the city growing at a rapid rate, along with the additional pedestrian and bicycle traffic, it is very important that all drivers exercise added

we can be alerted and thus be in a better position to avoid an accident with a child suddenly running into the street by being prepared to stop should an emergency arise.

THERE IS NO simple expla-nation of how traffic accidents can be avoided, but by follow-ing a few simple rules the maing a rew simple rules the ma-jority of traffic accidents can and would be avoided. Most accidents are the result of hu-man error rather than mechan-ical failure, thus by working to-wards eliminating the human error we can eliminate the ma-pority of accidents.

error we can eliminate the ma-mority of accidents.

Below are listed a few sim-ple rules if applied to our everyday driving in areas where children are playing will help eliminate human error and reduce the chances of your

and reduce the chances of your becoming involved in an accident with a child.

1. Be particularly alert when driving in residential areas, city parks, and school areas.

2. Watch for danger signs such as a ball bouncing into the street which is generally followed by a child, children playing, bicycle riders, or parked vehicles. playing, bicycle parked vehicles.
