If your field of vision has not at one time zeroed in on Satchel Paige, you have missed out on one of the great folk heroes of our time.

Satch, a Negro of some 61 years, has been tossing baseballs for a living since the British had a general strike, and we sent the Marines into Nicaragua. He was throwing when the movies were silent.

And last summer he was barnstorming in northern U.S. and Canada, pitching two or three innings every day for 145 games, and still hoping that he would throw his way back into the major leagues.

There are those who think he is the greatest pitcher of them all, but this can never be proved. He spent his prime pitching for Negro clubs when baseball was completely segregated. In 1948, after 22 years in baseball, he became the first Negro to pitch in the American League.

In addition, Satch is a folk philosopher of some renown. He is fond of saying, "Time ain't gonna mess with me." His famous six rules for staying young are deeply etched into this ignoble Irish heart.

1-Avoid fried meats which angry up the blood. 2-If your stomach disputes you, lie down and pacify it with cool thoughts.

3-Keep the juices flowing by jangling around gently as you move.

4-Go very light on the vices, such as carrying on in society. The social ramble ain't restful.

5-Avoid running at all times. 6-Don't look back. Something might be gaining

In his most recent interview, Satch showed that

he still retains his fast ball as litterateur and philoso-

Discussing the problems of age, on which he is the greatest authority since Cicero wrote De Senestute, Satch had this to say:

"They say I'm too old, but the ones that say that hasn't seen me perform. I've slowed down some, my wind's a little short, I can't field bunts too good, but

I know how to keep 'em from bunting on me."

I'm not yet into old age, but if I can keep 'em from bunting on me until I reach the end of the road, there's little else I ask from my Maker.

About the only positive thing given to the aged, or the aging, is guile. When you've been around the track a couple of times, you begin to see it ain't all legs. There's that baton work, and it counts. Brother, does it ever count!

From the day your first sibling rival came into the house you are faced with the problem of the young. They are always pushing at your rear, asserting their vigorous claims, insisting loudly that they be heard, and that they get the heel of the bread and such.

Coping with the young is an extremely important part of that obscure process called growing up. You soon discover you can't outfight them, as a rule. You also discover you can outfox 'em, as a rule.

Somebody said of the bourgeoisie, or the Bourbons, or something, that they had never forgotten anything, and never learned anything. Santayana said something about those who ignore history are condemned to repeat it. And Wilde said experience is the name we give our mistakes.

It is good to remember each of these cautionary aphorisms in our dealings with the young, who are supposed to replenish the earth, but are also quite a pain in the rear to their elders.

Carson Will Face Los Angeles Nine

Carson High will face the final and possibly stiffest test of its pre-Marine League baseball campaign today at 3 p.m. when the Colts journey to Los Angeles High.

The contest may be a preview of a late-season City play-off game. Los Angeles is favored to win the Southern League title, as it did last year, while Carson is tabbed to garner the Marine crown.

Nick Van Lue will take the mound for Carson against Roman ace Lee Massey. Van Lue hurled five innings of one-hit ball against Fermin Lasuen last week as the Colts picked up a 9-0 win.

Lasuen only earned two hits off Carson pitching as Tom Pickle took over for Van Lue in the sixth stanza and only allowed one bingle the rest of the way.

Pickle, the leading base hief in the Marine circuit last year, pilfered two bases against Lasuen.

Colt batters had a field day, imping on Lasuen chuckers while Steve Fortier, Doug Iseminger and Jerry Muse accounted for the others.

Isminger enjoyed his finest hour, going two for three at the plate.

NOT IN TIME . . . West High first sacker Dave LeRoche gloves a pickoff throw from hurler John Marsden too late to nab Bishop Montgomery's Doug Dedeaux in Tuesday's game between the schools. Seconds earlier Dedeaux was Marsden, picking up his second win of the year without a defeat, limited Montgomery to four hits in guiding West to a 6-3 non-league triumph. It was Montgomery's second loss.
