A gathering storm which broke in all its fury just as the opera concert opened did

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing state-

ments as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H®.

Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

not prevent a large crowd of music lovers from attending the performance of the South Bay-Torrance Civic Symphony on Palm Sunday at Redondo High Auditorium. They were not disappointed for it was an occasion to be treasured among memories of anyone's "best musical memories." The beautifully artistic programs will also make keepsakes with which to remember it.

Conductor Elyse Aehle has an interpretative gift which is both lyrical and dramatic. A musician of unusual force and distinction, she brought about something of a sensation by the electrified vitality which she gave to the singers and her responsive players as well as to the music.

MANY ASKED where Miss Aehle procured such amazing singers. At the first entrance of Evelyn Wald there was a pleased gasp of admiration for her beauty and lovely costume.

Her strong, clear voice and charming poise made the audience take her to their hearts at once. They applauded her vigorously throughout the program and at the last when she sang "O Patria Mia" from "Aida," when she appeared in a glorious golden bejeweled gown to match her golden voice she managed to climax the whole performance.

Perhaps the greatest individual applause went to Enrico Porta when he gave a rousing performance of the "Toreador Song" from "Carmen." He, too, was greeted at his entrance by a pleased murmur of welcoming recognition. (He has been, in three previous operas, and is a big hit with the Symphony audiences.)

HE IS very handsome and very dramatic with a beautiful, well-modulated, tremendous voice. His interpretation of

opera cannot be surpassed. He can invoke tears or laughter, or fear from his listeners at will — and they love it!

The narrator, Judge John A. Shidler, gave the best performance of the evening which gave meaning to all the rest. He speaks in a clear, well-toned voice with sly flashes of wit that endeared him to the listeners.

All received a standing ovation at the end. —VERA MILLS

The Old Timer

"The role of the male in our economy is to make almost as much money as his wife spends."

HARVEY ALUMINUM... Officials of Harvey Aluminum, Inc., were presented with plaque in recognition of company's efforts supporting the Zero Defects program at Martin Company's Denver Division. Left to right: K. F. Wasmuth, Martin-Denver's director of quality; Charles Hayes, Harvey's manager of sales; Vern Ammerman, Harvey's marketing manager; and H. B. Gunther, director of materiel.
