

...More on Candidates

(Continued from Page 21) contribute toward the solution of this problem?
 If elected, I will make every effort to get the feeling of the people and vote accordingly. I will strive to restore our reputation to the former status. My interest lies with the citizens of Torrance, their welfare is my concern; when a problem arises in a particular area, as it now stands, they must organize and appear before the Council to protest. This, I feel, shouldn't be. Our officials are elected to protect the people, pressure groups should not have to be, yet this seems to be the only course at present that we as citizens can take.

WILLYS G. BLOUNT
 ... 1444 El Prado, resident of Torrance 16 years; education five years college level; occupation salesman; member First Methodist Church, Torrance Masonic Lodge, Al Malukah Temple, Member Torrance City Council for 12 years.

What is the most important problem facing the Torrance City Council?
 Returning Torrance to a stable position of dignity and respect among the other communities of California.

What do you feel you can contribute toward the solution of this problem?
 Secure and support capable people in key positions in the City Government. Stop playing petty personal games in the City Council proceedings. Present to the community and to the State and County level a city government of proven ability and unquestioned integrity. Install a program whereby the Community as a whole is stressed rather than the personal interests of a favored few.

NICKOLAS ("NICK") OBRIEN DALE, INCUMBENT
 ... 3431 West 171st Street; resident of Torrance 32 years; educated at Clairton High School in Clairton, Pennsylvania; occupation self-employed—a partnership with Mrs. Dale; Real Estate and Insurance; Torrance City Councilman for the past 16 years, serving one term as Mayor.

What is the most important problem facing the Torrance City Council?
 The unfavorable publicity given Torrance due to misuse of the Police Department, and the subsequent dismissal of the City Manager, has placed the City Council in a position where our citizens doubt the Council's honesty and integrity. The Council must clarify its position immediately. All Councilmen must make a concerted effort to restore confidence from both inside and outside City Hall. A good working Council can do an excellent job. Personalities must be set aside!

What do you feel you can contribute toward the solution of this problem?
 I shall continue my efforts to insure a strong and effective policy in dealing with improper conduct by any city official or employee. My goal is for a City Council who will work unselfishly towards a program of better understanding between the people of our town and members of its Council; members of the Commissions and Boards; and all departments within City Hall. If this is accomplished, we shall regain the confidence of everyone concerned.

WILLIAM FAREN
 ... 2272 West 229th Street; resident of Torrance 23 years; education high school; successful businessman; occupation Ceramic Tile Contractor; generous contribution to civic activities.

What is the most important problem facing the Torrance City Council?
 Redeem the good name of the city of Torrance.
 What do you feel you can contribute toward the solution of this problem?
 Revise the City Charter to meet the demands of the city today and in the future.

LE VANE M. FORSYTHE
 ... 4255 Newton Street, resident of Torrance 19 years; education two years college; occupation General Engineering Contractor; member South Torrance Lions Club, Masonic Lodge and Al Malukah Shrine.

What is the most important problem facing the Torrance City Council?
 (1) See that our tax dollar shall not continue to be wasted on poorly maintained and under-designed streets; (2) A firm Master Plan for zoning. (No spot zoning); (3) Park buffer zone between residential and industrial tracts; (4) Central purchasing to see that our

tax dollars are not wasted; (5) Support a Citizens' Advisory Police Commission; (6) Support separate Councilmanic Districts.

What do you feel you can contribute toward the solution of this problem?
 (1) Properly designed street improvements, so that they do not become tax burdens in future; (2) A Master Zoning Plan area of zoning shall be adopted so when a resident purchases a home he will be informed of what kind of construction will be adjacent to him; (3) Land that is zoned for industrial purposes to delete a portion to be known as a Buffer Zone for a park and recreational area before building permits shall be issued; (4) No departmental duplication of bidding, competitive bidding, public bid openings, materials are of specified quality, all bids publicly advertised; (5) An investigating committee of reputable citizens to investigate any irregularities in our police department and make known to the public and council; (6) Have our city divided into six separate Councilmanic Districts, so that the citizens will be represented in each district.

NICHOLAS "NICK" FUSCARDO
 ... 4807 Scott Street; resident of Torrance nine years; high school education; occupation Steelworker.

What is the most important problem facing the Torrance City Council?
 I feel that one of the biggest problems that we face is getting back to where we belong, as an all-American City. A lack of leadership is evident of those now in office. Selfish motives behind candidates and officers of the city government, causing corruption and crime in our city legislature. Too many traffic officers in the Police Department and not enough policemen. Having enough property facilities to meet the needs of our children.

What do you feel you can contribute toward the solution of this problem?
 I will contribute to the aforementioned problems these points; I am a candidate for the office of City Council. I can give my unselfish time and concentration of issues on hand, I am not a yes and no man, and not a puppet on a string. Not to feather a nest, but I believe that I can help Torrance to become an all-American City again. I plan to reopen and set up the city into districts with proper representation. In conclusion, I strongly stress the need of all these issues to become a reality, and for the citizens to come out and back the candidates for their privileged rights and choices.

JAMES H. HAZLIP
 ... 3333 West 175th Street; resident of Torrance four years; education B.A. in Business Administration; occupation Configuration Management, Northrop/Norair; Legislation Chairman, Yukon PTA.

What is the most important problem facing the Torrance City Council?
 (1) Changing the unfavorable image our community has obtained, and
 (2) Conducting city business in a logical, management-oriented, professional manner.

What do you feel you can contribute toward the solution of this problem?
 Being a professional in the complex business world of finance, personnel and management administration I feel I can help direct our city government in changing this image.

DAVID K. LYMAN
 ... 1305 Teri Avenue; resident of Torrance six years; education Degree of Bachelor of Science, Business Administration, University of Southern California, 1950, Degree of Bachelor of Laws, University of Southern California, 1953; occupation Attorney at Law; Chairman of the Official Board, First Methodist Church.

What is the most important problem facing the Torrance City Council?
 The rebuilding of the image and reputation of the city of Torrance by restoring sound management to all departments of the city, and especially the Torrance Police Department. The Torrance City Council must insure that the Police Department functions free from the political influence and control of the mayor or other members of the City Council. The City Council must see that proper controls are placed on the management of the city and the police department and that they are aware at all times of what is going on (Continued on Page 23)
