Torrance has been the victim of much adverse publicity recently tarnishing the glow of our "All American City." This has been a matter of great concern to him personally.

Conflict of interest now existing on the city council endangers the welfare of the city today and for many years to come. You, the voters, can end this evil by replacing an incumbent with an experienced businessman of integrity.

Previous to his moving to Torrance, he attended Montana State College. For fourteen years he was employed by Stone and Webster Engineering Corporation in the capacity of cost accountant.

He and his wife Lois, have raised three children in Torrance. The eldest is a graduate of Torrance High School and is now married. They have a son who is a senior at Torrance High School, and a daughter who attends Madrona Elementary School. They are members of the Torrance First Methodist Church. His wife is active in the Torrance Woman's Club and the Torrance Memorial Hospital Auxiliary.

As a resident and booster of Torrance for the past 17 years, and owner-manager of a local builders supply for the past 15 years, we believe he has the business background and is sufficiently aware of our city's problems to serve you well on the City Council.

Let's have a change! New faces bring new ideas. Give him an opportunity to help bring about better local government.

We have a city of which to be proud, a real family community. With good city government and civic leadership, Torrance should regain its stature as the Best place to live.

Vote for Integrity and Efficiency.

His affiliations include:

- Torrance Junior Chamber of Commerce—a founder, Past State Director and Life Member.
- Torrance Chamber of Commerce—Past First Vice-President and Board of Directors for three years.
- Twice General Chairman of the Torrance Ranchero Days.
- A twenty-one year member of the Elks Club.
- Past President of the Kettler Knolls Civic Improvement Association.
- Past President, Torrance Civitan Club.
- Past Captain of Torrance Mounted Police and Charter member.
