## College Chorus To Tour

The a capella chorus of Pepperdine College will begin a 15-day, 3,000-mile tour of Western states April 20, according to Norman Hatch, choir director.

An annual singing pilgrimage of the group, the tour this year will take the singers to audiences in 25 high schools and churches of 18 California, Washington, Oregon and Idaho cities and towns.

Pepperdine's chorus of 45 voices contains a cross section of students from many departments of the college—students with varied backgrounds and in various stages of musical development, all united by their interest in choral music.

THE CHORUS has sung for various civic and church functions in the Los Angeles area and was recently selected to appear on the television presentation of the annual National Awards Program of the Freedoms Foundation at Valley Forge, Pa.

Norman Hatch, director of choral activities and instructor in music at Pepperdine, is concluding his second year as conductor of the chorus.

Before coming to Pepperdine, Hatch was vocal music instructor in the public schools of New Mexico and Texas, musical director for the Hobbs, N. M. Community Players and maintained a private music studio.

For his contribution to the musical theater in 1960 he was nominated for the Rogers and Hammerstein award and for two years was musical director for the Miss New Mexico scholarship pageant.

The repertoire of the chorus represents a wide range of musical style and includes the music of Anerio, Pironi, de Lasso, J. S. Bach, Tom Scott, Poulenc, Halsey Stevens and Joseph Wagner, the latter a member of the Pepperdine music faculty.

AREA STUDENTS who are members of the chorus include: Robert Adams, son of Mr. and Mrs. Amos Adams of 2248 W. 229th Place; Elizabeth Benson, daughter of Mrs. Lois Eileen Hahn, 815 W. 26th St., San Pedro; Kathy Reed, daughter of Dr. and Mrs. Clinton Reed, 260 Avenida Atezada, Redondo Beach; Jerry Roberts, son of Mr. and Mrs. Paul Roberts, 1728 Fern Ave.; and Joanne Safreed, daughter of Mr. and Mrs. Bert Safreed, 1348 W. 219th St.; Patricia Talley, daughter of Mrs. Lillie Albright, 402 Collamer Drive, Gardena.

## New City Brochure Available

The Torrance Chamber of Commerce has announced that a new "Facts and Figures" folder on the city of Torrance is now available at the chamber offices.

The folder is designed to answer many of the questions asked concerning the city by interested persons and firms throughout the nation.

Each year the chamber receives thousands of inquiries asking for such information as economic business trends, population, climate, school, special events, employment, etc. The information contained in the new folder is most representative of the type of inquiry received at the chamber.

Many of these questions can now be replied to quickly and adequately by sending the new folder to inquirers.

## West High Shop Plans Given Nod

Preliminary plans for the conversion of present West High physical education facilities to shop buildings were approved by the Board of Education.

The building now used for the physical education program was designed as an industrial arts classroom in the original drawings. Completion of the West High gymnasium this summer will enable the physical education department to move to permanent facilities.

Estimated cost of the conversion is \$35,000.
