

STATE WINNER . . . Michael Mulvihill, a senior at Bishop Montgomery High, is pictured here as he accepted a local award from Mrs. W. W. Rasmussen and Mrs. G. S. Carlson during the opening round of the annual Hallmark Art contest. The painting was declared one of seven state winners in Sacramento this week. Mulvihill is now eligible to apply for a \$500 scholarship. (Herald Photo)

Mulvihill Wins State Art Award

Michael Mulvihill, a senior at Bishop Montgomery High School, has been named one of seven state winners in the current Hallmark Art contest. Mulvihill is now eligible to apply for a \$500 scholarship.

Mulvihill, the son of Mr. and Mrs. John F. Mulvihill of Torrance, has previously won the Torrance Women's Club contest and was declared top winner in the Marina district contest. The Marina district title carried a \$150 cash award with it.

The winning picture — a watercolor—portrays a group of Negroes against a stained glass window. The painting is Mulvihill's interpretation of the contest theme . . . "To Strengthen the Arm of Liberty."

The Montgomery High senior plans a career in commercial art after college.

Costa Rican Editor Plans Speech Here

"Social Change in Latin America" will be the subject of Dr. Jaime Fonseca, editor of Noticias Catolicas for Spanish and Portuguese-speaking peoples, when he appears at Marymount College May 11, at 8 p.m.

A native of Costa Rica, Dr. Fonseca has edited the Noticias Catolicas editions for the National Catholic Welfare Conference news service in Washington since 1945.

Dr. Fonseca, who was made a Knight of St. Gregory in 1962, will discuss forces for pressure and change in Latin America, technology and human dignity, reform movements and the church, pointing out main areas of change.

Rummage Sale to Benefit Animals

A rummage sale conducted by the Good Shepherd Foundation will be held at 1316 Sartori Ave., in downtown Torrance today, tomorrow, and Saturday. Hours will be 9 a.m. until 7 p.m. each day.

The Good Shepherd Foundation is a private, non-profit organization devoted to animal welfare. Among the services offered are a pet adoption service, a free dog tag service, and an information service.

Cub Pack 656-C

Members of Cub Scout Pack 656-C participated in a Mardi Gras parade recently. Cubs wore colorful masks and a Mardi Gras skit was presented.

Paul Prahler, awards chairman, presented awards as follows: gold arrow, Gary Adams, Mike Fleming, John Hein, Steve McCabe and Howard Pfahler; silver arrow, Gary Adams, Mike Fleming; assistant denner stripe, Dean Hatcher and Richie Newkirk; denner stripe, Brad Burke; two-year pin, Bruce Harrell; and wolf badge, Steve McCabe.

Unruh Bill For School Support Passes Assembly

By VINCENT THOMAS
Assemblyman, 68th District
Twelve weeks of our first 1964 special session are behind us as I write this, but even to the most optimistic observers, the end is far from in sight. Our second special, confined to passage of a budget bill for 1964-65, is making little formal progress while off-the-record conferences between Democratic and Republican leaders in the Assembly continue, in the effort to find acceptable compromises on cuts proposed by the minority party.

As I have previously reported in this column, state support of public schools, next to the budget, is the most important matter on our agenda. Because of the veritable flood of contradictory proposals which have been dropped in the hopes of both houses, the whole problem has been engulfed in a sea of confusion, both legislatively and factually.

The administration program for additional school funds embodies the controversial county-wide equalization tax, and has encountered major difficulties in committees of both houses because of this feature. A proposal to eliminate the constitutional provision granting \$125 per pupil-year to every school district died in Senate committee.

IN THE ASSEMBLY, however, a bill for the same purpose has been approved in committee, and could be brought up for final action on the floor of that house.

Other school measures which have attracted interest, if not support, have been heard in various committees. One which proposes to add an additional one cent to the three cent state sales tax, would produce about \$300 million more annually, to be earmarked for school purposes. Another would authorize establishment of a state operated lottery, with the net proceeds, guesstimated at anywhere from \$27 million to \$75 million annually, to go to the schools.

At just this minute, the school bill which is given the best chance is the one which provides additional school support on a basis designed to encourage early unification or consolidation of school districts. It is the one I have written about earlier, which was

introduced by an Assembly leader as a substitute for his first, compulsory consolidation measure, when the latter bill aroused such a storm of opposition that he was forced to abandon it.

THIS BILL, which has frequently been amended, survived strenuous hearings in both the Assembly Education and Ways and Means Committees. In its present form, it would provide an additional \$41.7 million in new money for school district in 1964-65.

By a formula designed to favor unified or consolidated districts, as against smaller separate elementary or high school districts, it would make a total of \$108.7 million more available in 1965-66. Other provisions of the measure are intended to speed up unification of districts before the final compulsory deadline, July 1, 1967.

In this form, the bill has just passed the Assembly. It now goes to the Senate, for consideration by its committees and membership. In the meantime, administration leaders are making vigorous efforts to revive either the Senate or Assembly bills containing their program, including the county-wide tax. In view of the action on the other bill, they are given little chance of success.

Coed Wins Honors

Rochelle H. Gatlin, of 2818 W. 182nd St., was among the top ranking students at San Francisco State College to receive tribute at the annual Honors Convocation Tuesday. Miss Gatlin is majoring in interdisciplinary studies.

New Discovery Now Makes It Possible to Shrink And Heal Hemorrhoids Without Surgery

Stops Itch — Relieves Pain In Minutes

New York, N. Y. (Special): A world-famous institute has discovered a new substance which has the astonishing ability to shrink hemorrhoids without surgery. The sufferer first notices almost unbelievable relief in minutes from itching, burning and pain. Then this substance speeds up healing of the injured tissues all while it quickly reduces painful swelling.

Tests conducted under a doctor's observations proved this so — even in cases of 10 to 20 years' standing. The secret is the new healing substance (Bio-Dyne) — now offered in

both ointment or suppository form called Preparation H®. In addition to actually shrinking piles — Preparation H lubricates and makes bowel movements less painful. It helps to prevent infection (a principal cause of hemorrhoids).

Only Preparation H contains this magic new substance which quickly helps heal injured cells back to normal and stimulates regrowth of healthy tissue again. Just ask for Preparation H Ointment or Preparation H Suppositories (easier to use away from home). Available at all drug counters.
