### Interchange Freeway Jam Under Study

The finding of a solution to the Harbor Freeway traffic tie-ups was turned over to Newton Templin, county road commissioner, by Supervisor Kenneth Hahn.

The problem includes traffic jams every evening on the southbound Harbor Freeway at its interchange with Santa Monica Freeway. Also, the interchange has a higher accident rate than any other section of freeway in Los Angeles County.

"If the cause of the problem is a huge engineering mistake poured into concrete, then it should be remedied for the benefit of the public," stated Hahn.

### Spring Style Show Scheduled

Students in the Torrance High homemaking department have presented their annual Spring Style Show Wednesday afternoon from 3 to 5 in the Senior Patio.

Students wore model fashions in sportswear, casual, dress, and formal categories which were made in class.
