

# Gauchos Tab New Mentor

football coach at Huntington Park High School, has been named to succeed Elmer Douglas as head pigskin mentor at Torrance High.

Douglas, who coached the Gauchos to one of their best seasons in recent years during the 1963 Marine League campaign, has transferred to Dorsey High.

Bobinette will bring a history of athletic success to Torrance. During his six years at Huntington Park, the Spartans walked off with three league championships, one City crown and compiled a 41-12-2 record.

IN HIS 10 years of coaching backs and ends Bobinette has produced 9 All-City selections.

Prior to his Huntington Park post, the new Gaucho boss coached one year of varsity football, basketball and baseball at the Black Fox Military Academy, one year of Bee football and basketball at Garfield High, and four years of football and swimming at Los Angeles High.

Football is not the only sport where Bobinette's teams have excelled. His swimming squads at Huntington Park recorded six varsity league crowns, five Bee championships and four Cee titles. His Bee and Cee squads each won City championships.

MARRIED AND the father of three young sons, Bobinette graduated from Los Angeles High School, where he was a first string and a two-year letterman in football.

Bobinette attended Occidental College, where he earned three varsity letters and led his conference in rushing his junior and senior years. He was all-conference his senior year and captain of the Occidental eleven.

## South Nine To Finish Loop Play

Surprising South High will attempt to hold on to undisputed possession of third place in the Bay League baseball campaign tomorrow at 3 p.m. against Hawthorne.

South will travel to Hawthorne for the final league game of the year. The Spartans, with a 7-7 circuit mark, must win to avoid a third-place deadlock with Hawthorne.

Spartan mentor Jerry McEneaney has tabbed Dale St. John, who is 5-3 for the league year, to open on the hill.

Thursday, in their last start, Ray Allen gave up 10 hits to Santa Monica but the Spartans came up with a 6-2 decision.

ALLEN DID not allow an earned run and struck out eight men in seven innings of work. A three-run outburst in the opening inning gave Allen all the cushion he needed.

Dick White led a seven-hit Spartan attack with 3 safeties in 4 trips to the dish. White, who has hit in eight consecutive games since being recalled from the junior varsity, boosted his average to an even .300 for 30 appearances.

RAPID DUO . . . Allen Kimbel hands off to North High teammate Alan Johnson Friday night in the varsity 880-yard relay in the Bay League qualifying meet. North took only a second in the event but Johnson won both the 100- and 220-yard dashes and finished second in the long jump. Kimbel took a fourth in the century and a second in the 440. (Herald Photo)

## NORTH TAKES THIRD

# Johnson Wins Two Events In Sky Loop Cinder Meet

Three North High runners wound up with first-place medals Friday night as the Saxons romped to a third-place finish in the Sky League track finals at Inglewood High.

Consistent Alan Johnson wound up with two championships as he rambled to first places in the 100- and 220-yard dashes. Johnson won the century in 10.0 seconds with

Allen Kimbel fourth in 10.3, and took the 440 in 21.7 seconds.

Junior half-miler Bob Hansen, recovering from a two-week bout with the flu, gave North its third gold medal as he toured the wonto laps V he toured the two laps in 1:58.6 for an easy first place.

In the Bee division, North finished only 2½ points behind

winner Beverly Hills. Dave Hubert led the way by sweeping both hurdle events. Previously Hubert had won the pole vault.

Hubert won the 70-yard high in 9.3 seconds and came back to take the 120-yard low in 13.9 seconds. Rollie Bell took a fourth in the low and Sam Urbach earned a fourth in the high.

TOM FOLEY turned in a 1:25.4 clocking in the 660 for a first place and Jim Tesko stopped the clocks in 10.3 seconds for a second in the 100-yard dash.

John Futrell led North to a fourth-place finish in the Cee division as he swept into first place in the low hurdles with a 14.2 time. Joe Taylor took a fourth behind Futrell.

VARISITY EVENTS  
100—Alan Johnson (1st), 10.0; Allen Kimbel (4th), 10.3; 220—Johnson (1st), 21.7; 440—Kimbel (2nd), 21.7; 880—Bob Hansen (1st), 1:58.6; Mile—Dave Romney (5th), 4:45.5; 120 High Hurdles—Joe Scheliga (4th), 15.9; Long Jump—Johnson (2nd), 21 ft. 11 3/4 in.; Pete Molina (3rd), 20 ft. 11 3/4 in.

BEE EVENTS  
100—Jim Tesko (2nd), 10.3; 660—Tom Foley (1st), 1:25.4; 70 High Hurdles—Dave Hubert (1st), 9.3; Sam Urbach (4th), 12.0; Low Hurdles—Hubert (1st), 13.9; Rollie Bell (4th), 660 Relay—Second Place (Norm Sanwo, Joe Mortensen, Hubert, Tesko).

CEE EVENTS  
660—Ed Chavez (4th), 1:30.9; 120—Alex Mendoza (5th), 70 Low Hurdles—John Futrell (1st), 14.2; Joe Taylor (4th), 440 Relay—Second Place (Mike Cochran, Ron Kuboshige, Al Bottaro, Futrell).

## Torrance Will Complete Pioneer League Year

Torrance High will close out its Pioneer League horsehide campaign Tuesday at 3 p.m. at Lennox High.

The Tartars, relegated to the Pioneer cellar, will probably open with senior Bob Battaglia on the mound against third-place Lennox.

Lennox owns a 6-8 record against circuit opposition while Torrance has compiled only a 2-11 record. One-run defeats have plagued the Tartars all year long and seven such contests have been decided against them. All told, THS has played in nine one-run games.

On Thursday, it was Mike Blankenship who felt the lack of hitting support as he dropped a 2-1 decision to Lawndale. Blankenship, in picking up his third loss without a win, allowed only five hits while whiffing 11 men.

Fred Dryer and Ron Slack combined to shut the Tartars off on only four hits. Even Larry Snyder, who was hitting .500 prior to the game, was held hitless.

	R	H	E
Torrance	601	600	0-1-4
Lawndale	600	602	2-3-9
RBI—Flynn (2).			

## Voisin Shuts Out Tordondo Squad

Errorless fielding and a shut-out pitching performance by Steve Voisin propelled the Tordondo Little League Dodgers to a 3-0 victory over the White Sox the past week.

Ricky Hons and Robert Hibbard led the Dodger offensive against losing pitcher Cocky Arneson.

In Minor League play, the Orioles notched two wins, beating the Cards, 7-6, and hanging a 5-2 loss on the Athletics. Jeff Petersen outdueled Rich Meschette to gain the mound decision over the Cardinals.

Against the Athletics, Martin Jordan allowed but two hits while fanning 13 as he defeated Ken Saville and Lloyd Brien, who each went three innings each for the losers.

Rick Mitchell fanned 14 men and Mike Young drove in six runs with two triples as the Beaver roared to 16-8 triumph over the Stars. Randy Avakian absorbed the defeat.

Playing in his final Tordondo game, Paul Ricketts struck out 12 batters as the Red Sox beat the Stars, 22-3. John Dorn hit a home run for the winners with Larry Keene and Kenny Martin also furnishing offensive push.

For the Stars, John Grom-

berg slammed a 200-foot circuit clout.

Three of the Rickets brothers, Paul, Mark and Bobby, were playing their final Tordondo game. They were presented with an autographed baseball.

Scott Davis, who is just beginning his Tordondo career, fanned eight men and gave up only two hits as he led the Cardinals in a 13-2 triumph over the Giants. Calvin Davis paced the Cards with a double and two singles off losing pitcher Dennis Froelich.

## Water water everywhere

Today you could actually drink a glass of pure, fresh water produced from the salty Pacific Ocean—at the experimental sea water distillation plant operated by Southern California Edison in connection with its steam-electric generating station near Oxnard. Someday this project may help solve one of the Southland's most pressing problems: the need for more water. And any project that helps improve living conditions and encourages development of this area is of vital importance to Edison.

Additionally, Edison and other investor-owned electric companies devote much research to the exploration of new techniques, methods and ideas for the generation, transmission and distribution of electricity. This research is part of the never-ending development of more and more low-cost electric power—and of new ways to use electricity to make your family's life safer, more pleasant, and more rewarding in the bright new all-electric future. For late news on the greatest "treasure hunt" of modern times, please read right.

## Answers to key questions about the investor-owned electric utility industry and the all-electric future

How will the research by the electric industry affect me and my family?

This research is resulting in dozens of "little miracles" that will make your life safer, healthier, more rewarding and more interesting. Low-cost electricity will be there at the touch of your finger (and you won't even have to flip a switch). And new wonders in the all-electric future will help you heat, light, clean, and decorate your home. You'll eat delicious meals, prepared almost as quickly as you can make the selection. You'll scour your pots, keep an eye on the children and even mow your lawn with the help of new electronic wonders. Clean, flameless, low-cost electricity will do most everything but handle your thinking in the all-electric future.

And electricity is one of today's biggest bargains. The chart below shows the national cost picture for residential electricity over the past fifty years.

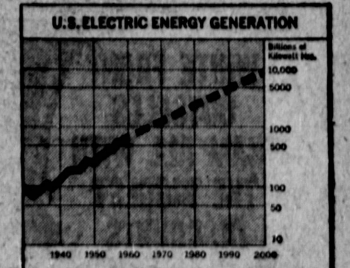

What else is new?

Almost everything is new in the electric utility business. New principles of power production are being pushed ahead. One travels ionized gas through a magnetic field—and produces electricity without the need for conventional turbine generators. Another transforms chemical energy directly into electric power; other methods convert heat directly into electric energy.

Electricity is efficient and low in cost today. And scores of new developments are on the horizon in the all-electric future!

Will there be enough power for my all-electric future?

Here's the picture of power production up to the year 2,000. With the aid of research and the world's finest engineers and scientists, Edison and America's other investor-owned electric companies stand ready and able to meet in full the future power needs of all Americans.

For more details, send for your copy of "The Investor-Owned Electric Utility Industry." Write: The Advertising Department, Southern California Edison Company, P.O. Box 351, Los Angeles 53, Calif.
