

LEAGUE DELEGATE . . . Mrs. Maurice Davies, 174 Via Monte D'Oro, member of the League of Women Voters of California, attended the 26th national convention of the league in Pittsburg, Pa. Key speaker at the convention was W. Willard Wirtz, secretary of labor.

MARCHING BEAUTY . . . Coming to Torrance Saturday from the Mojave Desert town of Trona, Calif., will be the high spirited Tornado High School Band and Drill Team. The band and drill team will be led along the parade route by Miss Ellen Barter, drum majorette. The award-winning band, one of several which will march in the Armed Forces Day Parade here, includes 70 musicians and 30 twirlers—from a school with a total of 288 students.

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

One of the wonders of babyhood is the development of manual dexterity. Busy fingers become aware of their usefulness at 3 or 4 months. Exciting to watch baby discover that fingers are fine for sucking, playing with and getting the feel of everything from nose to toes. . . toys to clothes. At 4 to 5 months he can grasp toys . . . at 6 to 7 months he can grasp toys . . . Eight or 9 months find those hands working together . . . and oh magic moment, at 1 year, he can pick up and pinch-hold small objects with nimble thumb and forefinger.

P.S. If baby doesn't conform to the above "norms," don't worry. He'll do these things in his own sweet time, the best time of all.

Breakfast bonanza with a flavor bonus. How about a special cereal surprise for baby? Gerber Strained Oatmeal or Mixed Cereal with Applesauce and Bananas! There's a pair with a flair for brightening an appetite. Each cereal is cooked with fruit and ready to serve. Both boast a truly delightful flavor . . .

a wonderfully smooth, moist texture. As for nutrition, they're enriched with iron and B-vitamins.

Two sock stories. (1) If you've more than one tot in your house, why not initial sock bottoms with indelible ink? Saves sorting time . . . prevents mismatching. (2) Remember, socks should be checked for fit as often as shoes. Tight socks can cramp tender toes, too.

Vegetable viewpoint. Babies, like grownups, should have plenty of green and yellow vegetables because they have high vitamin-A value. (That's the vitamin needed to help maintain normal vision and healthy skin.) Gerber Carrots, Sweet Potatoes, Creamed Spinach, Mixed Vegetables and Garden Vegetables are especially high in vitamin-A value. Like all good-tasting Gerber Foods, they're specially processed to protect precious vitamins. As for meal-appeal, Gerber Vegetables have come-hither colors and garden-true flavors. Small wonder so many babies love them and thrive on them. Gerber® Baby Foods, Box 72, Fremont, Michigan.
