## Kiwanians To Travel By Train

For the first time in 40 years, the whistle of a passenger train will sound in Southwest towns. Occasion is the Kiwanis special convention train to Los Angeles.

Billed as the largest short train ride in the world, 500 Kiwanians will board a special convention passenger train as it passes through cities of the Centinella, South Bay, and Torrance area enroute to Los Angeles, George Ake, Kiwanis Lt. Governor said.

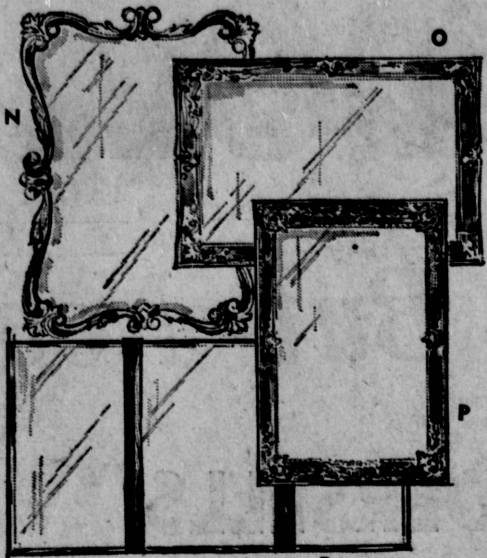

Slighted because the International Convention is at Los Angeles this year, local groups organized the ride, Ralph Brogdon, Redondo Beach president and chairman of the ride reported.

Route of the train will be from Inglewood to El Segundo, Torrance, and Wilmington, terminating at Union Station where Kiwanis International dignitaries will greet the incoming delegates.

As the train stops at the various cities enroute, delegates and wives will board the special. Twenty-two clubs will participate with 500 delegates expected.
