

TO SAN DIEGO . . . St. Gerard Council, Knights of Columbus, will send to the annual state convention as delegates Frank Paluch Jr. (left) past Grand Knight, and Charles Butterfield, Grand Knight. The convention is being held in San Diego for three days beginning today. Attending as an alternate will be Joseph Simpson.

Garden Checklist

1. When was the last time you fertilized your lawn? Healthy and beautiful lawns are easy: fertilize and water on a regular schedule, be sure the lawn is neatly trimmed especially around the edges, rake occasionally to prevent matting.
2. For bushy growth, pinch back the terminal bud on the fuchsia tips. At least once a month, feed with a good quality fish fertilizer.
3. Have strong and attractive delphinium plants. Stake and tie them now for blue garden accents later.
4. If you haven't tried seasoning with your own home-grown herbs, you are missing quite a treat. A large selection of herbs is available at the local nursery.

What's doing?

Sing along with telephone service? Americans have been doing it ever since the telephone was born . . . an event cheered by the rousing "Telephone March." Soon young swains were singing, "Hello, Central, Give Me Heaven." And phoning got so popular the girls had to remind them that "A Ring on the Finger is Worth Two on the Telephone." Overseas service was commemorated with a toe-tapper entitled, "Hello, Hawaii, How Are You?" Well, those are some of the oldies we've run across. These days, I understand, they're singing to our communications satellite "moon" with something called "Help Me, Telstar!" So telephone progress and the songs about it are still going strong.

If you're program chairman for your group or club, we may be able to help you with entertainment plans. Just call our business office and ask about our free films and demonstrations.

If you're going to take in Disneyland on your vacation, we hope you'll visit our popular Bell System exhibit there. It features the Circarama motion picture, "America the Beautiful" which takes you—via a complete-circle screen—on a spectacular coast-to-coast trip.

If, on the other hand, you're planning a trip to see the New York World's Fair, you'll enjoy visiting the Bell System exhibit there. It features an equally spectacular moving-chair ride through the history of communications.

Want to get the correct time? Call a ship at sea? Talk to our business office? Check the front pages of your phone book for the numbers to call and other helpful information about your telephone service.

AN IMPORTANT MESSAGE TO OUR TORRANCE CUSTOMERS

Your telephone is built to take it. It has only one reason for being and that's to give you dependable, trouble-free service year after year after year. But, if anything should go wrong we'll gladly fix it without extra charge. All you have to do is call the "repair service" number listed in the front of your phone book. Often, we can take care of the problem from our telephone central office. If necessary, we'll send someone out. Whatever the case, you'll never get a bill for repairs. This is one of the values that go with your service.
