

Your Traffic Laws

Prepared in cooperation with the Traffic Education Bureau of the Torrance Police Department and the Torrance Safety Council

The Torrance Safety Council has joined the National Safety Council in issuing a request for all motorists, pedestrians, and bike riders to use extra care on the streets during the Memorial Day weekend.

In the past years, this holiday has been responsible for hundreds of persons being injured or killed as the result of traffic collisions. Only those driving the vehicles, or those pedestrians using the streets can prevent these tragic accidents . . . accidents which make what should be a holiday period a period of tragedy instead.

IT IS NOT necessary to travel a great distance to become involved in a traffic collision, safety officials point out.

"If you are among those families who plan to stay near your home on Memorial Day, be sure to use as much care and caution as the family making a trip on the long weekend.

Suggestions offered by the Torrance Safety Council may stop someone from becoming a traffic statistic:

- Give the vehicle a safety check, making sure the tail-light, stop and headlights are in proper working order. Check tires and brakes.

- Obey all speed zones and reduce speed at night or when traffic conditions demand a lower speed.

- WATCH FOR traffic signs and obey them. Do not try to beat the red light at those busy intersections. The few seconds saved may be the first few you spend in the hereafter.

- Share the road with your fellow driver and be willing to yield the right of way to the other fellow . . . yield it even if you're right. You could be dead right!

- Leave in plenty of time to reach your destination without being pressed. By allowing ample time for the trip—considering all traffic conditions—you will not be forced to in-

crease your speed because of the time element.

- IF YOU ARE driving a long distance, do not hesitate to stop from time to time and get out of the car for a few seconds to relax. Do not allow yourself to become overtired.

- Be alert at all times and don't become irritated by your fellow motorists. If you are annoyed by some traffic incident or problem, don't permit the annoyance to interfere with your best traffic judgment.

- If you are a pedestrian, obey all the rules and regulations that pertain to you. Don't take unnecessary chances.

Above all, use common sense in all your traveling and particularly on this busy weekend.

The Torrance Police Department and the Torrance Safety Council want the streets and highways to be safe.

Keep alert . . . Keep alive.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF FIVE. I once asked the proud father of two wonderfully adjusted children what he thought were the best guides to good parenthood. Without a moment's hesitation he said: "Patience, perception and playfulness." Nice to have a father's viewpoint and such a good one, too.

Two-way plan. Fulllest enjoyment of a baby comes when both parents share in the fun and fanfare of baby care. And the biggest rewards for dads come when they spend some time alone with their heirs or heresses. If dad's too tired at night to take over, why not plan some Saturday time for baby and dad while you have a fling at shopping or something?

Gerber Cover-All Bibs are made of soft, white, polyvinyl film that's machine-washable and easily wipeable. A cunning kitten and bouncy bunnies grace the bibs in pink, yellow or blue. At supermarkets everywhere.

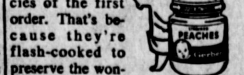

Wise words and true from a sensible mother: "It took me a long time to realize that Laurel ate more, and with more relish, when I stopped coaxing and clock-watching and started feeding her when she indicated she was really hungry."

Invitation to delight and a bright appetite. Gerber Strained and Junior Fruits are small-fry delicacies of the first order. That's because they're flash-cooked to preserve the wonderful flavors Mother Nature meant them to have. Cooking in seconds does something even more important! It helps preserve the utmost in precious vitamin values for your baby's nutritional well-being. Gerber® Products Co., Box 72, Fremont, Michigan.

Protective measures. Gerber Snap-On Cover-All Bibs provide footproof protection from spills 'n' splashes . . . spare baby's clothes from stains. Deep pocket across bottom of bib catches stray droplets. Adjustable neck opening allows for proper fit and growth. Under-
