This Is another in a series of messages to Americans who care.

# AN OPEN LETTER TO ALL WHO SEEK PUBLIC

Many of the youth of America are voting for the first time. By 1966 more than one-half of the population of the United States will be under 25 years of age. Our deepest concern is that this giant nation find a giant purpose.

We see in America many confused and aimless people. We see the breakdown of conscience and character at home. We see Vietnam, and freedom on the defensive abroad.

We love America. We believe that her greatest days are yet ahead. We are looking for the candidates who will give this nation a dynamic, revolutionary purpose adequate to lead the world forward into the new age.

Will you be such a man? If so, our vote and wholehearted support are yours.

- 1. With YOU deal swiftly with standals that beset the nation? We do not believe that we can expect the world to follow America's lead if corruption and immorality are allowed to continue in our own government, whether Democrat or Republican. Will you, regardless of personal cost, give us a nation we can be proud to Inherit?
- 2. WILL YOU name to public office men who firmly believe that their private life has everything to do with their public service? We believe that a man who chooses to run for public office accepts the
- MRII. TOW halt the breakdown of coinscience and character in the notion? We are caposed to the propagandists of the "new morality." They have blackmoiled and buffield our generation into believing that lust, violence and godlessness are idols that we must worship. We have bowed down only to find that venereal disease among young Americans rose 130 percent from the years 1956 to 1961, and that 13,000,000 children are from broken homes.
