

**ANN LANDERS CITED . . .** Herald Columnist Ann Landers receives citation from Herbert C. DeYoung, past president of the National Tuberculosis Association, in recognition of her work at national honorary chairman of the 1963 Christmas Seal Drive which raised more than \$27 million to fight TB and other respiratory diseases.

**White Front Plans Huge Sale Event**

The biggest sale in the 35-year history of White Front Stores, Inc., will be held this week at the Pan Pacific Auditorium, it was announced.

The \$14 million event will begin today and continue through Monday. All 13 White Front stores will also participate in the event.

"This is the first time a retail establishment is using a site as huge as the Pan Pacific Auditorium as an outlet for a sale," Harry Epstein, vice president and general manager of the pioneer discount chain, said.

In addition to selling a complete stock of top quality, new, nationally advertised brands of all types of merchandise, White Front plans a continuing program of entertainment at the Pan Pacific.

Featured in the show will be Pat Bowrin, California Water Ballet and Synchronized Swimming Champion, and the Scuba Exhibition Team of Pier Aquatics.

**Six-Week Summer Session Scheduled**

Half the students of Torrance will return to school in a week when the doors of Summer School open June 22.

Those doors will remain open through July 31 while 15,020 students attend summer classes. Pre-registration figures indicate that 10,760 elementary students and 4,260 high school students plan to attend the six-week session.

Classes will take place from 8 a. m. to noon at the high schools and from 8 to noon and 8:30 a. m. to 12:30 at the elementary schools. Conducting classes will be 269 elementary teachers and 162 high school teachers.

**BEGUN IN 1950** with an enrollment of 600 students, Summer School has grown from an undertaking which one out every seven students participated in to one which serves one out of two children.

At its outset, summer school was conducted in three schools: Torrance Elementary, Perry, and Seaside.

Students from Walteria School and Riviera School attended Seaside. There were no high school classes.

**EMPHASIS IN 1950** was on the three R's. This summer all courses offered during the regular school year will be taught, with special help given in areas of weakness. There will be emphasis on remedial reading in the elementary schools.

In the high schools students may take anything from refresher math to oceanography, from driver training to summer theater, from physical fitness to typing. Classes are offered on basis of enrollment.

Of particular note, according to Dr. Lloyd Jones, curriculum consultant, is the fact that any resident of Torrance, regardless of whether or not he attends the Torrance schools during the winter, is entitled to enroll in the summer school program of the Torrance Unified School District.

John Solaro, Manager, Home Loan Dept., Glendale Federal Savings, Torrance Office

**The South Bay is a special place when it comes to home loans**

There's no other place exactly like the South Bay. So it follows that the intelligent handling of real estate transactions and financing requires a special knowledge of the communities in this fast-growing area.

Here at Glendale Federal Savings, we realize that home loans play an important part in community growth. So we developed the PREMIUM Home Loan . . . a loan which has been carefully designed to fit the special needs of the individual and his community.

To make sure that this thinking is carried out, our Torrance Office has been carefully staffed with specialists—people who know land and building in this area, and fully understand your needs and problems.

So if you are planning to buy, build, remodel or refinance your home, come and see us about a PREMIUM Home Loan. You'll be amazed at the many ways in which we can custom-tailor your PREMIUM Home Loan to fit your exact requirements.

In the South Bay, as elsewhere, it's truly " . . . a loan you can live with."
