Mustang Hardtop

Some people just didn't realize how much Fords have changed. Then, they came in to see Mustang—and took their first good look around a Ford showroom. They saw the hottest line of cars in America . . . the "Car of the Year" Award winners . . . the best-built Fords ever. They saw cars so smartly styled, so easy to handle, so good to drive, that they made this the best sales year in Ford Division history even before the Mustang came out. They saw America's leading performance car—the Super Torque Ford (hardtop sales up 54%). They saw America's most famous personal luxury car—Thunderbird—with sales up 68% over last year's record. They found out why Falcon almost outsells Chevy II and Valiant combined. And why Fairlane is a pace-setter in its own field. One look can make you fall in love with any one of Ford's 46 models. A test drive can make you a Ford man forever.
