Convert Pity
Into Action . . .

Dear Ann Landers: Your
column covers an enormous
range, but somehow you
rarely publish letters from
working wives of college
students, Why? I can't believe they don't write. I
know very well they have
problems.

problems.

I no longer have a problem, Ann. I've got a heartache. After one year of college I married a boy who was bright and promising. He had a scholarship, but it wasn't enough for us to live on, so I quit school and went to work to put him through. He did four years in three, made Junior Phi Beta Kappa went on to get his masters, and then a Ph.D.

For six years I worked

For six years I worked eight hours a day as a re-ceptionist and then I went home to wash, iron, cook, mend and scrub. Of ten I was up until 2:00 a.m. typing his papers and doing his research.

He's doing brilliantly in his profession now but I don't seem to fit into his life anywhere. I'm out of my depth with his intellectual friends. We don't speak the same language.

If you girls want to work to put your husbands through school, my advice is through school, my advice is make sure you stay in school, too, Instead of working eight hours a day—work four hours a day and let the genius work four. While HE is growing and developing intellectually, make sure you are doing the same. I didn't and I'm — SORRY Dear Sorry: Instead of just heing "Sorry" why not convert some of that self pity into positive action? Go back to school, stop feeling inferior and get into the ball game.

Dear Ann Landers: My wife and I have been married for 12 years and I can truthfully say we appreciate each other. Her mother, who lives in Topeka, was oper-ated on for a malignancy

two months ago. The sur-(Continued on Page 18)
