

Adults Play In Volley Ball Tournaments

A series of volley ball tournaments for men and women in the free adult class at the Torrance Evening High School, meeting on Tuesday and Thursday nights, was announced by Coach Cliff Graybehl.

As part of the Physical Fitness Program, open to all adults, regardless of residence, three types of volley ball tournaments will be held: (1) "Triples" tournament (women), (2) "Triples" tournament (men), (3) Four-person mixed teams. These tournaments will be the double elimination type.

Instruction on court play and basic skills will be stressed for beginning students. Advanced students will be given new techniques to further increase their skill.

As part of this Physical Fitness course, it is planned that a women's calisthenics session will be set up to serve as a general body-toner, weight-reducer and physical fitness device.

Men and women are invited to join this free group to receive instruction in volley ball, enter the volley ball tournament, or calisthenics, or any other phase of this Physical Fitness Program. They should go directly to the Torrance High School Gym to register on Tuesday night, January 2, at 7 o'clock.

Clothing Shortcuts Told At Adult Education School

The New Year's Resolutions of the free adult dressmaking classes at the Torrance Adult School will be: (1) Better and less expensive winter clothes for all the family, (2) Remodeling of the children's wardrobe, and (3) Advance preparations for the pretty blues and pinks of Easter time.

To meet the high cost of living, the three free dressmaking classes will pay special attention to design of cold-weather clothes for men, women and children. Special instruction will be given in remodeling children's clothes so that last year's dresses, coats, and shirts can be accommodated for this year's use. With Easter time a few short months away, now is the time for planning for style, economy, and "good looks."

The three free adult dressmaking classes are: Monday mornings from 9 to 12 at the Walteria Recreation Hall, Monday and Wednesday evenings at the Torrance Evening High School, and Tuesday and Thursday evenings at the Torrance Evening High School. All classes are free and open to all adults, regardless of residence. Students should go directly to class to register.

Students are requested to bring their own materials, old clothing, patterns or ideas for clothing requirements for all members of their family. Those who have never done any sewing and those who are quite advanced will all profit from the instruction, because the class is held essentially on an individual basis.

Typists Learn Use of Dictaphone At Adult School

A free adult class that will handle instruction in the operation of the dictaphone (dictating machine) for typists who can type an average of forty words per minute or more, was announced by Mack Landar, instructor of the course.

This class will be held each Monday and Wednesday evening from 8 to 9:30 in room 205 of Torrance Evening High School, starting Wednesday evening, January 4.

This dictaphone instruction is part of the regular typing class conducted by Mr. Landar. As he points out: "It is a distinct advantage for typists to be able to operate the dictaphone — an advantage in greater income, greater choice of good positions and more security."

All adults, regardless of residence, are invited to join this free class. They should go directly to room 205 on Wednesday evening, January 4, to register.

Torrance Boy Honored at Santa Barbara College

Frank Dominguez of 2013 Arlington, Torrance, is one of the leaders of Blue Key, national senior men's honorary fraternity at Santa Barbara College of the University of California. The group is limited to 20 outstanding seniors each year.

In addition to sponsoring service projects, the group backs campus fun activities, such as a recent men's smoker at which the "ugliest man on the campus" was selected.

Frank is also president of the Associated Men's Students on campus.
