Model Airplane Club Started

A WALTERIA - Pacific Hills branch of the Torrance Model Airplane club will hold its organizational meeting at the Walteria Recreation Hall, Tuesday night, June 24, at 8:00 p.m.

The club is sponsored by the Recreation Commission of the City of Torrance. Meetings are to be conducted weekly by Jim E. Minter, who lives at 331 Winlock Road in Pacific Hills.

Minter, besides being a model

plane enthusiast, is a planning co-ordinator for the production engineering division of Northrup Aircraft Corp. and was a bomber pilot during World War II.

The purpose of the club is to teach model building. Membership in the group is open to boys from 11 years of age and their fathers.

The Commission urges the fathers to attend this first meeting with their sons. At 7:30, prior to the meeting, a demonstration of model airplane flying will be given in the park adjacent to the recreation hall.

For further information, call Minter at Lomita 2962-J, or call the Recreation Commission office, Torrance 3146.

Midget League To Play Under Lights June 23

Teams are being formed now for the Torrance Recreation Department's Midget League. Especially designed for boys from 12 thru 14 years of age, the League will open its play on June 23rd, under lights.

Elmer "Red" Moon, of the recreation dept. has announced that teams are being formed according to area, and all junior baseballers are urged to join the teams.

Boys who are 15 or older, or who have their own teams, are asked to contact the dept. headquarters at 1347 El Prado, or call Torrance 3146, and get on the playing schedule.

Midget League teams and leaders are listed below:

Torrance BAPTIST NEWS

REV. JOHNNY MORTON
MARK 8:36. What shall it profit a man if he shall gain the whole world, and lose his own soul?
1. Are you working for the material things of this world only?
2. Have you ever thought that some day you must die?
3. What will happen then to all you have worked for?
4. And where will you spend eternity?

TORRANCE BAPTIST TABERNACLE
Meeting: Y.M.C.A. Building Corner Washington & Arlington
"Independent - Bible Believing - Missionary"

The capable hands of telephone operators are ready to put your calls through—when and where you want.

No one can guess the importance of the calls which will flow through the cable these linemen are installing.

When trouble strikes, telephone men get going fast to keep your telephone always at your service.

Making it pleasant for you to do business with us is the aim of our business office people who serve you.

Their work keeps our nation united

75,000 Pacific Telephone people are helping make us a nation of neighbors

Perhaps never before has every job done by the men and women on the telephone team been so important to our country. In countless ways, our nation is using the telephone to get things done faster—in defense plants, among our armed forces, on the everyday jobs of all Americans. One of the reasons why we can outproduce any other country is that we have more telephone service, and better telephone service. This service would be impossible without the skill and devotion of the people who work to provide it.

Your telephone is one of today's best bargains

In 1951, our total wage costs came to more than a quarter of a billion dollars—nearly four times that of ten years ago. Yet in spite of higher wages, higher taxes, higher costs of everything we need to provide service, we've kept telephone rates one of the best buys in your budget today.

Re-routing Long Distance circuits is one of the many interesting telephone jobs for women . . . 48,000 women in the West. And that they like their jobs is demonstrated by the length of time they have stayed in telephone work—longer than seven years, on the average. Among telephone men, the average length of service is now nearly twelve years. Together, telephone men and women account for more than two-thirds of our total operating expenses (in wages, benefits and provision for service pensions). We do all we can to make telephone jobs good jobs . . . the kind that attract and keep the capable people so important to good telephone service.
