Winners Chosen In Vacation Safety Contest

Doris Popovich, 9th grade, Torrance High School and Eileen Manera, 10th Grade Redondo Union High School, finished first and second respectively in the high school division of the 100-word essay area-wide Judge Higgins Vacation Safety Contest which closed this week.

Doris is the daughter of Mr. and Mrs. J. E. Popovich of 2067 Carson St.

Nancy Dornoff, 7th grade, American Martyrs School, Manhattan Beach, and Steven Fait, 8th grade, Redondo Central School, were the winners in the grade school division.

With the slogan "Make This Vacation a Safe One" the contest, which began in May, was open to all grade and high school students attending schools in the South Bay Judicial District. Prizes, donated by business houses, amounted to \$150 in U.S. Government Bonds.

"If the thought given to the many essays will help reduce the vacation accidents by a single instance the contest will have more than justified itself," declared Judge D. Clifford Higgins as the prize-winners were picked.

Well-known citizens throughout the district who acted as judges were: Mrs. Mae Marsh Arms, Hermosa Beach; Mrs. Agnes E. Dow, Gardena; Mrs. Samuel E. Lunden, Palos Verdes; Mrs. Mary Louise Owens, Torrance; Mr. and Mrs. Ed Pitts, Hermosa Beach; Mrs. Ada Plottner, Manhattan Beach; Mrs. Mary Fyatt, Redondo Beach; Mr. Lyle M. Webb, Redondo Beach and Mr. and Mrs. Charles H. Wortham, Hollywood Riviera. Judge Higgins was chairman of the group.

Local Firm to Sponsor Wage, Salary Talks

Longren Aircraft, in co-operation with the Los Angeles Chamber of Commerce, has arranged a wage and salary stabilization clinic to answer questions of local industrialists and businessmen on salary and wage laws.

The clinic will be held at the Riviera Country Club in Santa Monica, on Wednesday, June 18, and will feature as principal speakers James R. Hemmingway, regional director of the Office of Salary Stabilization, and Eldon Vie, of the wage and hour division of the U. S. Dept. of Labor.

Longren has extended an invitation to local business people to attend the day-long conference. Further information may be obtained through the Torrance Chamber of Commerce.

Sewer Problem Answer Sought By Homeowners

Plans to install a sanitary sewer in Hollywood Riviera have run up against a blank wall, because of the number of vacant lots that exist in that area, it was disclosed at a recent meeting of the Hollywood Riviera Homeowners Association.

At least 60 per cent of the property owners must sign a petition requesting the sewer district before the city can proceed with the installation. Since most of this area is only slightly over 60 per cent developed, that means that almost 100 per cent of the residents would have to sign the petition. Commander William Mason, club official told the membership.

Further discussion of possible solutions to the sewer problem in that area will be discussed at the next meeting of the group on Monday, July 7. The group will meet at 8:00 p.m. in El Retiro park on that date.

Don Whitney, president of the organization, has announced that all homeowners and residents are invited to attend the meeting. All property owners are wanted to join the group, he stated.

Committees Set For Firemen's Dance, June 28

Committees to handle the details of the annual Firemen's Benefit Dance were set up Tuesday night when the Torrance Firemen's Association met for their regular business get-together.

The dance will be held on Saturday, June 28th, at the American Legion Hall. Festivities will begin at 8:30. Frank Tuttle, president of the Association, disclosed.

The fire department band is all primed to provide the finest in dance music, Tuttle said. Everyone has been invited to attend, and tickets may be purchased at the door on the eve of the dance.
