

Confer on Plans For 'Y' Show

Phil Butler, managing director of Geller Productions, met with officials of the YMCA yesterday at the high school to formulate plans for the YMCA Annual Community Talent and Variety Review. John Steinbaugh, principal of the high school, and Stan Roberts, executive secretary of the Y, conferred with Butler. The show has been slated for October 2, 3 and 4, at the high school.

Light rays from the sun travel to the earth at the rate of 186,000 miles per second.

Citizens' Club To Fight for New Schools

Mrs. W. C. Sidwell, president of the Shoestring Strip Civic Association, this week appointed a committee to contact other civic groups in Lomita and Harbor City in an effort to obtain a new senior high school for this area.

The committee was appointed at the regular meeting of the organization held in the Normandie Recreation Center, it was disclosed.

Appointed were H. T. Unander, chairman, Palmer Vogie, Robert Lampson, Helen Robells, Mrs. Ben Rusk, and Mrs. W. C. Sidwell.

After the civic groups are contacted, a meeting will be arranged with the officials of the Los Angeles County Board of Education, Mrs. Sidwell said.

Members of the Shoestring organization worked hard last spring for the bond issue, which was favored by the voters, it was stated. This issue was to have provided funds for the building of a new high school and an elementary school at 223rd St. and Meyler Ave.

Action on the school projects by the local civic group followed an announcement made by school officials that work on the two schools would not be undertaken this year.

A 40-acre site for the senior high school has been purchased on Western Ave.

Erle Bowman Opens TV Repair Service Here

Joining the growing group of businesses in the Torrance area is Bowman's TV Repair Service.

Erle V. Bowman, owner of the new business, has been in electronics since 1930, and in the TV service business since the inception of television in Los Angeles. For 15 years he worked with prominent television manufacturers.

He disclosed that one of his sons is in the same business in Pasadena. Another son, James, is a lieutenant in the Air Force, currently in Europe.

Bowman's shop is located at 18319 S. Western Ave.

Red Feather Show

A teenage boy is the object of a gangwar, an old man tries to commit suicide because he's outlived his friends, an ex-convict can't get a job, wonders: maybe crime does pay.

These and many other documented stories from the confidential files of the Los Angeles Community Chest agencies will be dramatized weekly beginning next Sunday (Sept. 7) at 9:45 p.m. over KFI.

Called "Trouble Is My Business," the documented series returns to KFI after a year's absence from the station.

The Great Wall of China, which was first begun in 214 B. C., is 1,500 miles long.

War Vets Urged To File Claims

World War II Prisoners-of-War who suffered maltreatment or did forced labor in enemy concentration camps may obtain help in filing their claims for compensation, as provided by Public Law 330, if they will apply at the Veterans Service Center, 1103 Sartori Ave., Torrance.

This invitation, which extends also to survivors of deceased Prisoners-of-War, is issued by Helen K. Dill, director of the Community Chest-sponsored organization.

"Most World War II Prisoners-of-War or their survivors," states Miss Dill, "should now be in receipt of application forms for \$1.50 a day for maltreatment or

Deputy Sheriff Jobs

Young men planning to file for deputy sheriff's examinations were warned today that time was running out as the deadline for receiving applications has been set for 5 p.m., Friday, Sept. 5th.

Applications may be filed and further information may be obtained at the nearest Sheriff's Station (open 24 hours), or at the Civil Service Commission, 501 N. Main St., Los Angeles, Calif.

forced labor suffered in enemy concentration camps. These forms have been mailed directly to all the 132,000 ex-Prisoners-of-War who filed before March 31, 1952, for the sub-standard diet allowance.

Cub Scouts See Mails Go Through

Why and how the mails go through were learned last Thursday by the members of Cub Scout Pack 241-C, when that group made a tour of the Torrance Post Office and the "Tube," rolling highway post office.

Florence Petroith of the Post Office staff conducted the boys through the facilities, explaining each step in the process of receiving and delivering mail. The tour was arranged through the courtesy of Mrs. Clara A. Conner, postmaster.

A mirage is an optical illusion in which the light from some object many miles away and out of sight is reflected or bent so that the viewer not only sees what appears to be the actual object, but sees it close at hand.

When using a double boiler, put two or three marbles in the bottom portion before turning on the fire. If water gets dangerously low, the marbles will bang away like mad, but you'll save the bottom of your boiler from burning.
