

**NATIONALLY KNOWN HEARING AID AUTHORITY**  
In Redondo Beach Friday & Saturday TO HOLD FREE CLINIC

Mr. John E. Henderson, widely known hearing aid authority, will be in Redondo Beach Sept. 12th and 13th to consult with those who are having difficult hearing and understanding in Church, groups and in ordinary conversations.

Mr. Henderson, who specializes in fitting difficult cases, makes no charge for consultation, held in cooperation with the Belton Hearing Aids, as a public service to deafened persons.

The authority will test the hearing to determine the degree of hearing loss and discover whether or not a hearing aid is advisable. If a hearing aid is indicated, he recommends the use of a small, powerful aid such as the new Bel-tone Lyric. This instrument is very inconspicuous and, when fitted under Mr. Henderson's direction, is hardly noticeable.

FREE CLINIC to be held at 304 N. Pacific Coast Highway, Redondo Beach, Calif., Friday and Saturday. If unable to come in, Phone Frontier 4-0800 for consultation in the privacy of your own home.—adv.

**Professors See Local Industry**

Torrance Chamber of Commerce is cooperating with the executive staff of the El Camino College in sponsoring an industrial orientation tour for the new staff professors and instructors, according to an announcement by Dale Isenberg, executive secretary.

A large bus donated through the courtesy of California Flyers School of Inglewood will leave the college campus Thursday morning September 11, for an all day tour through the industrial areas of Torrance, El Segundo, Hawthorne, Lennox, Inglewood, Lawndale, Manhattan Beach, Hermosa Beach, Redondo Beach, Lomita, and Gardena, Isenberg disclosed.

Itinerary calls for a luncheon at Midland Rubber Company in Torrance, followed by a complete tour of the Torrance civic and industrial area, he stated.

Through this cooperative plan it is hoped that the new professors and instructors who come from all corners of the United States to become more familiar with the area adjacent to their teaching assignments. Entire program was initiated and prepared by Dr. J. H. Martin, professor of education at El Camino College staff, and in cooperation with Isenberg.
