

EIGHT REASONS for WOMEN NOT TO VOTE

1 "I just washed my hair and I can't go out!" Lady, you'll wash Freedom right out of your hair—sooner or later—with that point of view.

2 "I'm disgusted with politics." All the more reason to vote! Remember—bad officials are elected by good citizens who don't vote.

3 "I'm too busy with the kids" ...yet what better example of the Good Citizenship they're growing into—than to see you go off to the polls.

4 "I don't know a thing about issues or candidates." You can read a recipe; you can figure out a dress pattern. There's still time to make up your intelligent mind on how to vote.

5 "I can't vote—I'm not registered." BE SURE THAT YOU REGISTER THE NEXT ELECTION TIME!

6 "I think a woman's place is in the home." Maybe it is on every day except November 4. Then it's at the polls. (You women fought hard for the ballot—why not use it?)

7 "My husband does the voting for us." If only the man wore the votes of the family what a state this country would be in!

8 "I don't agree with my husband's choice—so I won't vote!" Madam, are you going to win for your husband's man by kissing the polls goodbye?

There are more women than men in this country—of voting age—52,000,000 of them. That's enough to run any election right. Yet, ever since 1920, when women first had the chance to vote, more men than women have gone to the polls. Isn't that a shame?

Ladies, you can elect 'em—if you vote.

SEE YOU AT THE POLLS Nov. 4

CLIP AND SAVE BELOW ARE PROPOSITIONS 7 TO 15, BRIEFED FOR YOUR CONSIDERATION AND STUDY

PROP. 7 — ELECTIONS. BALLOT DESIGNATION OF PARTY

DIGEST OF PRINCIPAL PROVISIONS. Submitted by the Legislature as alternative to Prop. No. 13. This measure would amend the Election Code to provide that the political party affiliation of each candidate be printed following his name on the direct primary ballots and on partisan special election ballots. The effect would be that the party affiliation of a candidate running for nomination or election on the ballot of a party other than his own, would be indicated.

PROP. 8 — CHURCH BUILDINGS UNDER CONSTRUCTION

DIGEST OF PRINCIPAL PROVISIONS. Extends to church building during course of construction, as well as land on which building is situated, the same tax exemption as is now provided for buildings and land in actual use as places of religious worship.

PROP. 9 — TAXATION: College Buildings Under Construction

DIGEST OF PRINCIPAL PROVISIONS. Extends nonprofit college property tax exemption, now applied to buildings in actual use for educational purposes, to include buildings during course of construction if intended to be used exclusively for educational purposes.

PROP. 10 — PUBLIC FUNDS. Certain Expenditures Prohibited

DIGEST OF PRINCIPAL PROVISIONS. This measure proposes to add a new section to the Constitution, with the following provisions:

A declaration that section 31 of Article IV prohibits and has at all times prohibited, the appropriation or expenditure of any public money to or for the State Chamber of Commerce, any local chambers of commerce, the County Supervisors Association, or any other private corporation, association, or organization which attempts in any manner to influence federal, state, or local legislation.

Requires the Attorney General to take action to recover all public moneys hitherto or hereafter appropriated or expended in violation of section 31.

Provides that if the retrospective application of the section is held invalid, that shall not affect its prospective application.

PROP. 11 — PAYMENTS TO AGED PERSONS

DIGEST OF PRINCIPAL PROVISIONS. The administration of Old Age Security is placed with the State Department of Social Welfare, and the full cost of this public assistance program is to be paid by the State, exclusive of federal aid, eliminating county administration. The legal responsibility of the adult children for the support of their parents is eliminated. The right of parents to proceed against children for support is reserved.

The existing maximum grant of \$75 is to be adjusted upward at the rate of \$0.50 per full point rise in the cost of living index as determined every six months. Adjustments may be made downward also but not below the \$75 per month, and a payment of up to \$25 per month out of state funds for medical services may be made. Any increase or decrease in federal funds shall result in increase or decrease in grant.

Provision is made for payment of \$150 for funeral expenses.

The personal property which an applicant may have without rendering him ineligible is set at \$1500 (now \$1200) if single, and the present \$2000 limit on the combined holdings of husband and wife is eliminated. This ownership is without counting an automobile.

The limit on assessed valuation (now \$3500) of real property when used as a home or used to meet identifiable needs is eliminated.

PROP. 12 — MILITARY SERVICE BY PUBLIC OFFICIALS

DIGEST OF PRINCIPAL PROVISIONS. The measure would amend the Constitution, which presently prohibits the simultaneous holding of state and federal offices, with the exception of officers in the militia receiving no salary, local officers or postmasters who receive \$500 a year or less. Effect of the amendment would be to permit persons holding state or civil office to serve as members of reserve components of the United States armed forces, so long as no such officer is on active duty more than 30 days in any one year, and to receive both state and federal compensation therefor.

PROP. 13 — ELECTION PROHIBITING CROSS-FILING

DIGEST OF PRINCIPAL PROVISIONS. This initiative measure will abolish cross-filing by prohibiting any person from seeking the nomination of a political party other than the one in which he has been continuously registered as a member for at least three months immediately prior to the filing of nomination papers for the partisan office he seeks. He cannot be the candidate of a party to which he does not belong.

PROP. 14 — Repealing Constitutional Restrictions on Chinese

DIGEST OF PRINCIPAL PROVISIONS. The measure proposes to repeal Article XIX of the Constitution, which now contains four sections relating to alien Chinese. Sect. 1 purports to confer on the Legislature the power to prescribe regulations for the residence of aliens in the state. Sect. 2 forbids the employment of Chinese and Mongolians by any California corporation. Sect. 3 forbids the employment of Chinese on any public works, except as punishment for crime. Sect. 4 purports to direct Legislature to discourage the immigration of any aliens ineligible for citizenship.

PROP. 15 — TAXATION. INSURANCE COMPANIES AND BANKS

DIGEST OF PRINCIPAL PROVISIONS. This measure proposes to amend the Constitution, to make three changes in the provisions governing taxation of banks and insurance companies.

To include the State Compensation Insurance Fund in the definition of an insurer, to avoid present competitive advantages over private insurance companies.

To subject all insurance companies to the payment of license fees and other motor vehicle taxes on their motor vehicles.

To subject banks similarly to the payment of license fees and taxes.
