While working on the job or around home telephone men find these glasses virtually eliminate eye injuries

## SAFE SIGHT Their vision may be perfact, but most telephone mon wear glasses new # special safety glasses that look like ordinary ones

Next time you see a group of telephone men as work, take a second look. Chances are you'll notice they're wearing glasses, perhaps in several different styles. A coincidence? No-for most telephone men now wear individually-fitted safeby glasses, and experience has shown that they drastically reduce the danger of eye injuries. That's because they're rimmed, specially treated glasses that won't shatter or break under severe impact. In the last 2 years, they've been issued to some 20,000 Pacific Telephone men as a key part of our Eye Protection Program. And this program is actually only one part of the company-wide safety company that has made telephone jobs emong the safest to the sations
