National Guard Recruitment Drive Begun

The 578th Combat Engineers Bn., a National Guard outfit formerly stationed in Torrance, today announced a drive to recruit young men under 18½ years old at its headquarters in Manhattan Beach.

Commanded by Lt. Col. Dallas I. Downs, the battalion served with the 40th Infantry Division in Japan and Korea. Among its personnel are men from Wilmington, Harbor City, Lomita and Torrance.

In commenting on the recruiting drive, Col. Downs said: "The law calls for the exemption of young men enlisting in the guard between the ages of 17 and 18½. Selective Service classifies such men as 1-D—a classification they retain after reaching 18½ years as long as they are members of the National Guard and maintain satisfactory drill and summer camp attendance."

The 578th Engineer Combat Battalion trains Monday evenings from 7:30 p. m. to 9:30 p. m. at the National Guard Armory, 552 36th St., Manhattan Beach.

The 578th Engineers is a part of the 40th Division, which started reorganizing in the beach cities last September following defense service in Japan and combat in Korea.

Women and men are invited to take the examination for Draftsman if they are at least 18 years old, are high school graduates with appropriate courses or have experience in drafting. Torrance is now in a position, the letter continues, to take the same forward step regarding Alondra Park. But again, the "Can't do it" clique opposes the program.

No Vote Needed
"Torrance now is in a position to 'take' the park territory without an election, and Torrance is the only city in this position, because it is the only one contiguous to the park.

"This matter of annexing Alondra Park should not be considered a political issue. It is not. It is a civic issue, and it is an opportunity for the City Council to perform a very creditable act upon its own initiative before some other city steps in and takes this valuable area under our noses," the letter concludes.

It is signed by officials of Torrance Unified Taxpayers, Inc.

During its duty in Japan in 1951 and 1952, Southern California's 40th Infantry Division occupied as many as 11 camps and its troops were scattered over an area 100 by 500 miles.
