

LATEST MODEL PIN-UP GIRLS — FOR ALL SERVICES

Here's an eye-catcher for the service men — all branches — as posed by Universal-International starlets. They're Mary Castle as Miss Army, Lori Nelson as Miss Navy, Claudette Thornton as Miss Marine, and Kathleen Hughes as Miss Air Force. The film beauties recently returned from a tour of Alaskan military bases and outposts where they made appearances in connection with the world premiere of the Gregory Peck-Ann Blyth movie, "The World In His Arms," an event sponsored by the Department of Defense to bring entertainment to service men. Lori Nelson is currently on the screen in "Francis Goes to West Point," and Kathleen Hughes in "Sally and St. Anne."

DINNER FOR DIANA—An advocate of the old proverb which tells us a bird in a girl's hand is as good as on the platter, pretty Chicagoan, Diana Davis, shows her prize won in one day's hunting. The pheasant was bagged by Diana at Fin 'n Feather Farm, near Dundee, Ill.

Chamber Secretary Tells Of Local Industrial Growth

Torrance has outstripped the whole San Francisco bay area in industrial expansion for the first ten months of 1952. Dale Isenberg, executive secretary of the Chamber of Commerce, pointed this out after returning last week from a California State Chamber of Commerce convention held in the bay city.

Industrial growth in the San Francisco area, which comprises 12 counties, was \$46,944,000 for the first 10 months of this year, according to figures released at the convention.

During the same period, Isenberg said, Torrance has obtained the following manufacturing plants: a \$36,000,000 Carbon Carbide Chemical plant, a \$20,000,000 Douglas Aircraft plant, two new Harvey plants estimated at \$15,000,000 to \$20,000,000, a \$10,000,000 expansion of the General Petroleum facility, and a multi-million dollar Dow Chemical plant.

Torrance is a city with a population of approximately 42,000, while the San Francisco bay area exceeds 2,000,000 in population, Isenberg pointed out.

Beware of Uncooked Pork Says Health Dept.

Your best protection against trichinosis — a worm disease caused by improperly cooked pork is to order your pork "well done."

And most people here must be doing that because Dr. George M. Uhl, city health officer, today declared that acute attacks of trichinosis in human beings are rather rare in Los Angeles, and only two cases have been reported in the city so far this year.

"Nonetheless, about 1 in 6 persons may now have the Trichinella spiralis organism in some muscles of the body already. Most of these persons have such a slight infection that they may never in their lives be aware of it," Dr. Uhl said.

The health official emphasized, however, that it is possible to get "a massive attack" of the disease by eating meat in which the worms have not been thoroughly killed by cooking. He advised that pork should never be eaten rare, medium rare, medium, or in any stage of pink color.

Marine Chaplain Rickel gives a smiling assist to Pfc. William Hall of Chatsworth, Calif., by writing a letter home for the Marine. Wounded in the right arm, Hall is waiting in an aid station for evacuation to the rear. He wanted to let his family know he was all right. The chaplain considers this a routine part of his job.

LOOKS LIKE IKE—Catching the famous Eisenhower grin, amateur sculptor C. W. Bressler-Pettis of Augusta, Ga., turned out this remarkable bust of the president-elect. Bressler-Pettis presented the sculptured piece to Eisenhower before Ike left for Washington.

AMERICAN CARDINAL—Archbishop James Francis McIntyre, leader of Los Angeles' 750,000 Roman Catholics, smiles as he hears the news of his appointment to the College of Cardinals of the Catholic Church by Pope Pius XII. A native of New York City, Cardinal McIntyre was the only American named out of the 24 appointed.
