SEARCH ON FOR GOOD NEIGHBOR

The search for Torrance's Good Neighbor started this week. Any resident of the City of Torrance can be nominated by his or her friends by writing a letter concerning the nominee to Box 33, Torrance, California. Letters should be postmarked no later than midnight, November 1, to be entered in the competition. A. C. Turner, Chairman of the Torrance YMCA Board of Managers, will announce the judges of this contest shortly.

Last year over 12 persons were nominated with the nod going to Mr. and Mrs. Wilson Page of 735 Border Avenue. Dr. Rollin R. Smith is in charge of the ticket sales for the annual Good Neighbor Breakfast to be held at the Torrance Civic Auditorium on Saturday, November 7, from 6:30 a.m. to 11:30 a.m.

During the week of October 26, the merchants will have tickets for sale for this great event. Hank Borg is in charge of procuring the necessary food for this breakfast from the various wholesalers.

The latest addition to the program of the breakfast is the Torrance Area Youth Band under the leadership of James Van Dyke.

Baby, Judge Disagree—Case Dismissed

Municipal Judge John Shidler is a doggedly determined man. In the face of disaster, he is willing to try, try again.

Judge Shidler's new butterfly collection did a disappearing act when Nita Louise, the judge's 18-month-old daughter, decided that butterflies should be eaten and not seen.

The only one suffering disagreeable after-effects, however, was the judge.

Water Rights Requested By Dominguez

The City Council indicated that it would grant the Dominguez Water Association the servicing rights to the Milton Kaufman construction project for a limited period of time.

The project in question is the one located at Hawthorne boulevard, 199th street, Beryl street and Del Amo boulevard which involves 350 acres of land and 2400 homes.

Indications are that the Council will grant Dominguez the water rights for a total period of ten years for the whole tract from the time the first unit is started.

Councilman Blount and Spelman did not favor the agreement on the basis that the city could service the area itself and thus receive an additional source of revenue.

Angus McVicar, superintendent of the city water department, declared that servicing that area might easily prove a hardship

Mothers Sew For Carnival

Mrs. R. F. Dohner's home at 17311 Prairie Avenue was the meeting place for the Perry school P-TA mothers to sew for the Halloween Carnival, October 30.

Mrs. W. A. Wright, chairman of the carnival, and Mrs. G. H. Blake, co-chairman, held a special meeting for announcing booths.

for the city, what with the enormous amount of building going on everywhere. McVicar expressed the belief that the city will not miss this particular area for the next ten years.
