Congressman Cecil R. King, who represents Torrance and the seventeenth District in the House of Representatives, yesterday announced formally he will seek reelection to the post in the 1954 balloting.

The veteran Southern California legislator is now serving his sixth term as a Member of Congress and served from 1932 to 1940 in the California Legislature. He is now a ranking member of the powerful House Ways and Means Committee.

Campaigns King is credited with having led campaigns that saved millions of tax dollars annually, cleaning corruption out of federal agencies and curbing Communist activities in the U.S.

He outlined his policies and views on the top issues of the day in his formal statement of candidacy, highlighting Communism as "the gravest threat our nation has ever faced."

The Congressman also strongly emphasized his stand for continued reduction of the heavy tax burden being carried by the American people and for stronger federal laws to eliminate the vicious narcotic traffic.

Voting Record During the first session of the 83rd Congress King scored an 82 per cent effective voting record in support of the Eisenhower administration. This vote led nationwide among Democratic Congressmen and topped a large percentage of Republican lawmakers' support of the President.

Crosswalks Planned

Crosswalks with approach warning markings will be placed at the ten principal intersections in the area surrounding the Dolores Street School, Supervisor Burton W. Chace announced today.

Chace said the Board of Supervisors at their meeting Tuesday approved approximately ten crosswalks and the painting of school warning signs on the streets for the protection of pupils attending the school.

COPRA

Copra is the dried, broke-up kernel of the coconut from which coconut oil is extracted. It is estimated that 500 pounds of copra are obtained from 100 nuts.
