KITCHEN MAGIC: The latest addition to the 20th century kitchen is this Sunbeam controlled heat automatic frypan which Torrance merchants will have on display starting this week. A special demonstration will be held at McMahan's, 1306 Sartori, where pancakes made in this frypan will be served all day Friday and Saturday to every Torrance Shopper.

Sunbeam Features New Frypan

A new and different appliance is now available that enables the housewife to fry and cook foods at the correct heat every time. It is the Sunbeam controlled heat automatic frypan, and is currently being featured by local appliance dealers.

The Sunbeam frypan may be seen at the following dealers: McMahan's, Torrance Heating and Appliances, Howard's Jewelers, Allen Jewelers, Gary's Jewelers, Lawson Jewelers, National Home Appliances, Liberty Home Appliances, Star Furniture, Frank's Furniture, and Lovelady Hardware.

These dealers state that perfect cooking and frying results may be obtained with the Sunbeam without constant watching. Other features include the fry-guide, a heat control dial in the handle, square shape, cast aluminum construction, bakelite legs, and heat-resistant glass and aluminum covers. In addition to this, the entire pan

may be immersed in water up to the control knob in the handle for washing.

The public is invited to visit any of these Torrance dealers to see the new Sunbeam frypan.
