

Authorities to investigate and subsequently take action due to that investigation, have indicated they are now aware of the seriousness of this situation. Whether or not, this was a political maneuver, I leave for you to judge. As to what steps I would take if elected, I'm sure

that I, and any other sincere public spirited candidate would have to investigate at greater length than has been possible in such a short period of time since the referenced state report.

As to my intention to protect the people of Torrance, I refer you to the first portion of this statement which I am sure clarifies what my intention has been and will continue to be until positive, permanent, corrective action is taken. I felt necessary, when the facts are completely assembled, regardless of whom might be affected.

I leave it to the electorate of the City of Torrance to render judgment on such a program. Thank you for the opportunity of expressing my thoughts

tures of the bond money are such things as: night lighter all-purpose game courts, improved picnic areas and club houses. All of these improvements are designed to provide a place to play for all members of all the families in Torrance.

Recreation Bond

I ask you to vote YES on the recreation bond issue so that the children will have a safe place to play off the street, and so that Torrance families will have a park to go to for family recreation. Remember, Families that play together, stay together. Provide for parks in your neighborhood. VOTE YES ON THE RECREATION BOND ISSUES.

Other Bonds

There are two other bond issues on the April 13 ballot. One calls for a new fire station and more fire fighting facilities and the other calls for the construction of a new civic center. A total of four bond issues will appear on the ballot. All four bond issues are urgently needed by this community to handle the fantastic growth experienced within the last three years. VOTE 'YES' ON ALL FOUR BOND ISSUES.
