CONSTIPATION STOMACH GAS RELIEF IN 20 MINUTES ENJOY A TRIAL TREATMENT \$3

People come to my office for treatments from all parts of Southern California as well as all parts of America and foreign countries. Why? Because I practice the New Yorker Technique—a scientific method. Treatments, in my office, are given under the direct supervision of doctors licensed by the State of California especially trained for this type of therapy.

The doctor is assisted at all times by nurses and supervisors that are especially trained to administer this type of treatment. These nurses are schooled and trained regardless of their previous nursing experience. Perhaps this is the reason that my office has given more than 725,843 various treatments, the largest institution of its kind in the world.

Lawyers, judges, priests, clergymen, doctors, nurses, famous celebrities, pensioners, even unemployed—visit my office and are treated for practically all of the ills of mankind. Why? Because people with asthma, heart trouble, blood pressure, high, low, skin disorders and many other ailments respond to these treatments—"as if by magic."
