

**Torrance Student
De Wayne Lund
Enters Air Force**

De Wayne Ashley Lund, a graduate of Torrance High School this year, has been accepted into the U.S. Air Force, and left for Texas May 25. De Wayne is the son of Mr. and Mrs. D. F. Lund of 219 Gramercy, Torrance.

His mother, Mrs. Lund, is the former Muriel Ashley, whose parents were among the first residents of Torrance. De Wayne was born in Redondo Beach and attended public schools in that city and in Hermosa Beach. He entered Torrance High School as a freshman, and his main interests have been sound projection and stagecraft.

For the past year he has held part-time position with the Torrance Herald as route manager. Fred Briggs Chrysler agency, and also Ocean Motors in Redondo.

De Wayne graduates as a B-plus student. His hobbies are amateur photography and auto mechanics, and in athletics he is a tennis and tumbling enthusiast. His many friends and relatives in this area are interested in seeing him go on with the technical training the Air Force is able to provide.

**DeMolay Mothers
May Meeting Told**

The DeMolay Mothers Circle held their May meeting in the home of Mrs. Harry Abramson. Mrs. Rene Deen, newly elected president, called the meeting to order, with members pledging allegiance to the flag, followed by the Mother's Prayer.

Mrs. Margaret Kelton and Mrs. Bernice Trenarey joined the circle. It was announced that the first annual Southern California DeMolay barbecue will be held June 6 at Verdugo Park in Glendale. Tickets are being sold by all DeMolay chapters.

Answers to questions about Nalcrete

Q. What new development has revolutionized the painting of stucco homes?

A. "Dutch Boy's" amazing new polymer paint, Nalcrete.

Q. How does Nalcrete differ from ordinary paints when first applied?

A. Ordinary stucco paint often looks blotchy at first then "weathers" out to a uniform color. But Nalcrete gives a beautiful, uniform color the instant it is dry.

Q. What happens as Nalcrete "ages"?

A. Nalcrete holds its color without fading; washes sparkling clean in hard rains, leaves no dirty streaks. It defies sun, storm and fog, and, most important, it does not react with the alkali present in most masonry surfaces.

Q. Is Nalcrete available in colors as well as white?

A. Yes... in a wide range of colors from the "Dutch Boy" Color Gallery, plus easy intermixes.
