lounge, coffee table, and two end tables.

The presentation was made by I. J. Hallinger, who substituted for City Clerk A. L. Bartlett who was ill.

The Rileys, Dale and Dorothy, will move to "Quartz Hill," 3000-foot up Antelope Valley. They lived at 2405 Torrance boulevard.

Mrs. Riley works in the city clerk's office and will stay there until July 1. Her husband retired as director of maintenance.

Mr. and Mrs. Ralph Sims of 21314 Moneta announce the birth of a daughter, Joanne Sims, May 23, 1954 at Torrance Memorial hospital.

COLONIC

CONSTIPATION RELIEF IN 20 MINUTES
ENJOY A TRIAL TREATMENT \$3

Prof. Ehret says—"Every sick person has a more or less mucus-clogged system, such mucus being derived from undigested and uneliminated, unnatural food substances, accumulated from childhood on."

"The actual amount of filth and waste, which is the 'mysterious' cause of your trouble, is almost unbelievable."

"I had fat patients that eliminated from their body as much as 50 to 60 pounds waste, and 10 to 15 pounds alone from the colon, mainly consisting of foreign matters, especially old, hardened feces. The average so-called 'healthy' man of today carries continually with him since childhood, several pounds of never-eliminated feces. One 'good stool' a day means nothing. A fat and sick man is in fact a living cesspool."

"Experts in autopsy state they have found that from 60 to 70 per cent of the colons examined have foreign matters such as worms and decades-old feces-stones. The inside walls of the over-intestines are encrusted by old, hardened feces and resemble in appearance the inside of a filthy stove pipe."

REMEMBER THIS

Many of my patients work for a living. For their convenience my office opens at 6 a.m. and closes at 9 p.m., every day except Sunday. No appointment necessary. You may come in the morning before going to work or tonight after work. Of course, you may come any time during the day.

Lawyers, judges, priests, clergymen, doctors, nurses, famous celebrities, people of all walks of life, even unemployed—visit my office and are treated for practically all of the ills of mankind. Why? Because people with high or low blood pressure, asthma, heart trouble, skin disorders and many other ailments respond to these treatments—"as if by magic."

PARKING METERS

cil at the suggestion of the traffic commission.

The spaces, with an island walkway between them, will be placed along Torrance blvd. between Sartori and Cravens ave. and Arlington ave. and Cota ave. and along Cabrillo from 218th to 222nd St.

In addition, the council authorized permitting of public parking in front of Civic Auditorium and theaters when these facilities are not in use.

Camino Awards To Torrance Pupils

At the recent annual spring awards assembly held at El Camino college, Warren Bennett of Torrance received a full tuition scholarship to USC.

Other Torrance students receiving awards were Charlotte Anderson, who received a \$250 scholarship to Pepperdine college, and Barbara Knudson, who was presented the award in Business and Industry.

HOSPITAL

the figure being asked for it, it was learned.

Council Clash

The city council only last week rekindled the controversy when it balked at the Planning Commission's recommendation to grant a variance to the hospital for the two-wing addition.

While the council did not reverse the recommendation at that time, it did table the matter till this coming Tuesday's meeting by a 3 to 2 vote. Those voting to hold the matter over were Councilmen Victor Benstead, Albert Isen and Mayor Nick Draie.

A previous motion by Councilman Willys G. Blount to concur with the planning commission's recommendation only received the support of Councilman Mervin Schwab.

Objections

Objections to the hospital plan came from the Nativity Church and petitions signed by more than 1000 residents. In a letter to the hospital board this week Father McGuinness argued that the proposed wings would permit only 38 beds while the former First Christian Church building which he has to offer will permit 150 beds. It is much better suited to future expansion needs, he stated.

The present proposal, the minister argued, violates all setback violations.

If the church kept its new addition and the hospital built its two wings, the parking situation in that area would be gravely aggravated, the minister stated.
