"SERVICE REP" . . . Handling requests from users of FAirfax telephones is the job of Anna Reed, 1329 Engracia street, of Pacific Telephone's Torrance business office.

Mr. and Mrs. Courtney O. Dugent, of 688 W. 14th St., announce the birth of a daughter, Linda Lee, born on June 25, at Torrance Memorial hospital, and weighed 9 pounds.

Mr. and Mrs. Fred Stassin, of 1029 Cravens, announce the birth of a daughter, Suzanne Elise, June 24, at Torrance Memorial hospital, weighing 6 pounds and 7 1/2 ounces.

**Anna Reed, 'Service Rep',
Helps Solve Phone Problems**

Do you want a Pekin Red colored telephone or a 25-foot weatherproof cord? Do you have a complaint about a long-winded party line neighbor or a question about your telephone bill?

There's someone to solve your problem in Pacific Telephone's business office at 1307 Cravens avenue in Torrance. She's called a service representative and she's a highly trained specialist.

One of the six "service reps" in the Torrance office is attentive, hazel-eyed Anna Reed. Her major work tools are a telephone, a pencil and a contact pad. On the personal side, there's a pleasant voice and a warm smile.

From starting time (8:30 a.m.) until she closes her desk (5 p.m.) she's handling requests from users of some of the 8,900 FAirfax telephones.

And that's in addition to accepting payments from customers who come into the office during the day to pay their bills.

But contacting the public, in person and via telephone, is only half of her job.

After receiving a request from a customer, Anna sees that the work is performed according to the subscriber's wishes.

Background Mrs. Reed started her telephone work nearly ten years ago as a clerk in the company's San Pedro office. She has been here as a "service rep" nearly

**Schools in
Defence Area—
So What?**

Torrance unified school district is eligible to receive additional federal funds as a result of being declared to be within a defense area, it was revealed this week.

Congressman Cecil R. King informed the Torrance Press by telegram that the school district has been declared a defense area.

The recently passed congressional legislation regarding funds for such areas is still in such a state of confusion, however, that the significance of this latest move cannot be determined as yet, a local school official declared.

eight years. She attended Fom avenue elementary school and graduated from Torrance High in 1944. Her husband, Carroll, works as a liaison man for Douglas Aircraft.

The 27-year-old telephone woman lives close to work — 1329 Engracia street, just a block away from the business office on Cravens.
