## There's A Shark in

Mrs. Faye Berry of 2822 Dalemead called Torrance police early Friday morning to report a seven foot shark in her front yard.

To Sgt. Ted Morris, who works the desk at the Torrance police department, the phone call was just one of many questionable calls. He assured Mrs. Berry, however, that he'd have a prowl car come around to check.

Officer Buck Ingram was promptly dispatched to the Berry residence.

Sure enough, there was a Berry's front yard. The fish had been gutted and then thrown on Mrs. Berry's lawn.

When the street department came to remove the misplaced visitor, the case of Sharky the Shark was officially closed as far as Mrs. Berry and the Police Department were concerned.
