has not yet been assigned a prefix name (such as "Fairfax").

The code number "81" must be dialed first, followed by the telephone number of the party in Long Beach. On calls to Whittier, however, subscribers may dial in the normal manner, since the prefix "OXford" has been established to identify telephones in the Whittier exchange.

"Practical" Man

"Paravano is a practical man," Councilman Albert Isen suggested. "Let's get him in here and impress him with the fact that if he doesn't cooperate, our men might be 'very busy' when it comes to inspecting his new tracts and he'll have trouble on getting our cooperation."

The meeting has been set for next Tuesday, September 21, at 7 p.m. in the City Hall. Representatives from the homeowners and building department will be asked to meet with Paravano and the Council.

been entirely eliminated. If that is the case, her death would still be considered due to natural causes."

A microscopic investigation

of the case is still under way. Mrs. Kalna had been bedridden for one day, according to her husband. She was taken to the hospital last Tuesday and was feeling better around noon when she suddenly took a turn for the worse, dying shortly thereafter.

The Kalnas came to Torrance in April of this year. They came from Pittsburgh, Pennsylvania. Kalnas, a field engineer for National Supply, was transferred here as part of the company's training program. The two children are Mike, 22 months, and Becky, 10 months.
