STRANGER IN PARADISE

HUBBY AND WIFE REUNITED AFTER YEAR'S SEPARATION

NO PLACE LIKE HOME... Mr. and Mrs. Thomas R. Allen of 1522 Beech were reunited again this week after a year's separation. Because of a legal technicality, Mrs. Allen could not return to the United States from Canada except through the timely intervention of a special act of Congress. Also enjoying the homecoming is their Siamese cat, Ming Foy.

La Tijera Parlor No. 282 of the Native Daughters of the Golden West held their initiation last Tuesday evening, and made plans for the California State Picnic to be held this Sunday, October 10, at Point Fermin Park, San Pedro.

Machine Tool Firm Starts Construction

Construction of the new home of Sheridan-Gray, Inc., has started at 24701 Crenshaw Boulevard in Torrance (Northeast corner of Torrance airport). The 11-story type building will cover approximately 10,000 square feet and include an engineering section, general offices, and manufacturing facilities for research and development work. Scheduled completion date of December 29 has been set by the architectural and building firm of Buttress

LAST-MINUTE BILL PASSED BY CONGRESS

"Being back in Torrance with my husband is like being back in Paradise. And when I see how everything has changed and how Torrance has grown, I feel like a stranger in Paradise."

These are the happy and grateful words of Mrs. Thomas R. Allen of 1522 Beech avenue after a special act of Congress reunited her and her husband last Thursday after a year's separation.

3000 Miles Apart
The Allens had been separated by 3000 miles for the last year by a legal technicality. The Canadian-born Mrs. Allen originally entered the United States on a visitor's visa in 1938, moved to Torrance in 1943, married in 1946, and last year returned to Canada in order to make proper entry into this country. She was barred from re-entry by a legal technicality. "If it hadn't been for our Congressman, Cecil R. King, I don't know what we would have done," the Allens said. King was instrumental in getting the machinery rolling for a special Congressional bill to let Mrs. Allen return to the United States. The bill was passed just before Congress adjourned.

Longest Year Ever
"To be home is the most wonderful feeling in the world!" Mrs. Allen said with a depth of emotion. "No one knows how it feels to be home after one has been away under such conditions. This past year has been the longest time in my life."

Allen, a maintenance electrician at National Supply stated wistfully,

and McClellan. The local firm will have 30 employees. Building valuation has been placed at \$75,000.

Real estate broker for the firm was Bob Haggard.

The firm of Sheridan-Gray, Inc., headed by Landon R. Gray as general manager, was incorporated January 1, 1952, for the purpose of designing special machine tools for the aircraft industry. The firm now employs approximately thirty people. Sheridan-Gray recently completed the design and supervised the fabrication and installation of the largest stretch-forming machine ever built. The capacities of their stretch-forming machines range from 10 tons to 750 tons.

"It's been an awful struggle, but it's been worth it. Lots of times I've felt like tossing the thing up but at my age you can't do those things. It's terrible when one is helpless to do anything. I just felt that I should stick it out here rather than give everything up and go to Canada and start all over again. I felt deep down in my heart that we'd win out."

The Allens were born in Canada. Mr. Allen came to the United States in 1923.

Cat Companion
A Siamese cat, Ming Toy, was Allen's companion during the long months of his wife's absence. Every night the cat would sit at the head of the bed and wait for Allen to come home.

"I knew we had lots of friends here," Mrs. Allen said, "but I didn't realize how many until I returned. So many have called us and talked to us on the street."

Hubby and wife had so much to say to each other that they just talked into the wee hours of the night when she arrived Thursday evening. They could not even concentrate on anything else long enough to find where the coffee cord was to make coffee—and they still haven't found it.

Close Call

Allen had one close call however. He didn't expect his wife home 'till Friday. When she called to tell him that she'd arrive Thursday, the first thing that hubby said was,

"It's a good thing I cut the lawn!"

PIGEON WINNERS AT FAIR NAMED
