

Proposed Civic Center

Youth Center & Swimming Pool

# VOTE "YES" PROP. 1 AND 2

## OCT. 19<sup>TH</sup>

Our present municipal facilities for a population of 13,000 is grossly inadequate for the present population of 53,000... The need for a new municipal civic center is almost an emergency... Torrance is growing at the fantastic rate of 1000 new residents a month. The proposed civic center is planned to serve a future population of 160,000. The need for a swimming pool is equally as great... our children deserve wholesome, safe recreation... Half-day school sessions make the swimming pool a necessity, not a luxury.
