Congressman Cecil R. King today appealed to the 251,291 registered voters of the Seventeenth district to cast their ballots in next Tuesday's general election in an attempt to break all previous voting records for the largest populated congressional district in California.

The veteran legislator had high praise for the work of citizen groups and service organizations in Torrance and throughout the district who gave so much of their time and efforts in getting the large registration and are now campaigning to "get out the vote" on November 2.

Congressman King called attention to the fact that "in the June primary election only 52 per cent of the registered voters in the Seventeenth district bothered to cast their ballots."

Leigh Hunt was second baseman on the Nativiti Chi-Rho Club softball team. The team is a part of the Junior Boys Softball League sponsored by the Torrance Department of Recreation.

Gil Garnica was second baseman on the North Torrance Rams softball team. The team belongs to the Junior Boys Softball League.

## Painting Stucco

Answers to questions about Nalcrete

Q. What new development has revolutionized the painting of stucco homes?

A. "Dutch Boy's" amazing new polymer paint, Nalcrete.

Q. How does Nalcrete differ from ordinary paints when first applied?

A. Ordinary stucco paint often looks blotchy at first then "weathers" out to a uniform color. But Nalcrete gives a beautiful, uniform color the instant it is dry.

Q. What happens as Nalcrete "ages"?

A. Nalcrete holds its color without fading; washes sparkling clean in hard rains, leaves no dirty streaks. It defies sun, storm and fog, and, most important, it does not react with the alkali present in most masonry surfaces.

Q. Is Nalcrete available in colors as well as white?

A. Yes . . . in a wide range of colors from the "Dutch Boy" Color Gallery, plus easy intermixes.
