

## 'CHOCKO' ENTERTAINS 27 TOTS AT BIRTHDAY

"Chocko" the Clown was on hand last Friday at the 1220 Fonthill avenue home of Bill and Frances Fox to entertain twenty-seven young guests gathered to celebrate the birthday of little Debby Fox.

Riding Chocko's merry-go-round and enjoying his many tricks were Debby's smaller sister, Francie, their cousins Kenny, Ricky, and David Felker of Manhattan Beach; Eric, Kurt, and Katie Holzapfel from Brentwood; Charlotte and George Bliss, Phil and Judy Bradford, Donnie Lippoldt, Christine Moyer, and Kitty Jean Barrett.

More were Linda Banbrook, Carol Kilday, Craig Steinberg, Bobby Rainer, Diane and Mark Caldwell, Barbara Nelson, Billy and David Starr, Tommy Thornton, Linda Vang, and Barbara Bennett.

## X-Ray Unit Scheduled For Visit

Starting this week communities in the Torrance Health District will play host to one of the most concentrated chest x-ray surveys conducted so far by the Los Angeles County Health Department, according to Dr. Roy O. Gilbert, County Health Officer.

Because more than a year has elapsed since the x-ray truck last visited the South Bay area the Health Department has scheduled a 20-day program beginning November 29 and ending December 17.

### Children

Children under 15 years of age are not eligible for x-rays, except in special instances, because of the very few cases discovered in this age bracket. Children between the ages of 15 and 18 must have the written consent of their parents or guardians.

Dr. B. A. Kogan, Torrance District health officer, has announced the following schedule:

**Lomita:** December 13, 1:30 to 7 p.m., Safeway Store, Narbonne at Pacific Coast; December 14, 10 a.m. to 3:30 p.m., California Bank, Lomita boulevard, east of Narbonne.

**Torrance:** December 15, 10 a.m. to 3:30 p.m., Jim Dandy, Crenshaw and Torrance boulevard; December 16, 1:30 to 7 p.m., and Dec. 17, 9:30 a.m. to 3:30 p.m., Safeway Stores, Sartori and El Prado.

## Senior Play Set Tonight At Narbonne

"Our Miss Brooks" by Christopher Sergel will be presented by the Matador Class of Winter 1955 at the Narbonne High School tonight, December 2, at 8 p.m. in the school auditorium.

Directed by Leo Maroto, the cast will include Davyne Trimble as Miss Brooks, Robert Hargrave, Pat Taylor, Sonja Moonyham, Jeanette Marsh, Carole Arant, Jerry Coulter, Lauralyn Myers, Rick Eckley, Linda Bohannon, Arlene Kohl, Novaline Miller, and Sherian Thompson.

More members of the senior play cast include Beverly Beckett, Dave English, Art Hall, Eugene Minor, and Louise Beckett.

## IF YOU ARE SICK

If you are suffering with heart trouble, gall bladder, skin disorders, headaches, insomnia, high blood pressure, overweight, arthritis, rheumatism, premature gland failure, prostate disorder, constipation, anemia, backache, diabetes, or any one of a number of other disorders, READ THIS!

Come to my office any day and see, rub shoulders and talk to my patients who are under treatment for many of the above disorders.

These patients will tell you with their own mouths what benefits they are deriving.

Why do my patients bring in their loved ones — wife, husband, mother, father, children and friends? Come in and talk with my patients and let them tell you how they feel and what benefits they are deriving.

## READ THESE LETTERS

"I have been suffering with stomach trouble and gas since the last year I met you.

Now that I have come back to you and have completed two weeks' treatments just last week, I feel brighter, stronger and happy again as the result of these treatments.

Therefore, I suggest to those who suffer of same trouble to try New Yorker Technique, which I sincerely recommend.

This testimonial was not solicited. Respectfully yours, Rt. Rev. Elias Pico."

"Certainly appreciate Mrs. Padella, Mrs. Polendore and Dr. Martin's kindness. They did wonderfully and did a great deal of good for me.

I pray to God to bless and protect them.

Thankfully with great affection on them, Father Conrad Lebel."

"I wish to extend my thanks to you and your entire staff, especially to Dr. Evans, Mrs. Vickers and Mrs. Johanson, who were so courteous to me.

After taking your treatment for about ten days I feel better than I have felt in six years.

I shall not cease to tell my friends about you and your staff, and your great institution. May the Lord let you live long to keep up the good work. Yours respectfully, Rev. Walter H. Lester."

"Without reservation or hesitation, I can truthfully say that I believe that your technique of treating the human body is a God inspired idea. Because, up until I saw your advertisement in the newspaper, I had just about given up hope for any relief. The doctors, at many of the leading clinics of this nation had given me every kind of examination known in the field of medical science, and to no avail. But the first few treatments I received from your office I began getting relief. And I know that it was none other than the Spirit of Almighty God which led me to read your advertisement that day. So, may God crown all your efforts with His chosen all benedictions in helping to re-

lieve the perplexities and pains from which humanity is suffering. Fraternally yours, O. L. Hegmon, Minister, Toliver's Chapel Baptist Church."

## REFUSES \$500

"When I first heard of your treatments I was a very sick man. My disease had been diagnosed by medical doctors as epilepsy, when epileptic attacks would strike me I would be totally unconscious for three to four days. After the second treatment in your institution, I had an attack but never lost consciousness and was back for my next treatment the following day.

"When I began your treatments my stomach was completely 'shot.' It had become so bad I could hardly put anything into it any more. It was in very bad shape. I had been taking sedatives for seven years. I was in and out of hospitals for the last two years. However, I was afraid to come here because I thought the nurses would be as mean as those in the other hospitals where I had been a patient. If I asked for water I almost got a beating—but far from it, these nurses have been like angels to me. I never received nicer treatment in my life.

"I feel so deeply grateful to you because your treatments have saved my life. After only nine treatments I feel like a new man 100% better in every way. My stomach trouble has completely left me and I have done away with sedatives forever. I can only say 'God bless you!'"

"I have—and again am offering you—a gift of \$500.00 which you still refuse to accept. Words seem inadequate to express my deep and sincere gratitude. I sincerely and truly feel that your treatments have saved my life, and I want everybody to know it. I only wish I were gifted with the ability to put into words what I really feel, but all I can say is 'God bless you' for saving my life. I can never repay you."

Many of my patients work for a living. Many are old age pensioners. For their convenience my office opens at 6 a.m. and closes at 9 p.m. every day except Sunday. No appointment necessary.

You may come in the morning before going to work or tonight after work. Of course you may come any time during the day.

never thank you for what you have done for me. Sincerely and gratefully. Signature left out purposely. Witness: Mrs. Lucy A. Kubackava, Dr. S. M. Sassone, D. C. Mrs. E. H. Berghof, Mrs. B. Lamont."

## PROVEN

DR. CHARLES A. TYRRELL, M. D., world's greatest advocate of this method, said: "With me it has passed beyond the theoretical stage, for I have in my office fully 15,000 letters from grateful patients who have used this process under my direction with the most astounding results, scarcely a disease known to humanity but has been relieved and in ninety-five per cent of the cases, cures effected while tens of thousands of gratifying messages have reached me from time to time; nor is the testimony in its favor confined to the laity, for hundreds of physicians (including some of the most prominent authorities) testify to the wonderful beneficial results achieved by its use."

Dr. Koch, M. D., recognized as one of the world's greatest cancer specialists, indorses this method by saying: "It is likely that anyone who would follow such a system faithfully would not take sick with any disease that arises in the intestinal tract."

Prof. Elbert said of his method: "This system is not a remedy, it is a regeneration, a thorough house-cleaning, the acquisition of such clean and perfect health such as you never knew before."

Dr. Kellogg, M. D., world famous, said: "That these measures are successful has been demonstrated by the experience of the Battle Creek Sanitarium where they have been systematically employed in the treatment of more than 100,000 INVALIDS."

Daniel G. Munro, M. D., says of his method: "If I were to write the story of all the cases in which my method seemed to lift the patient from the jaws of death, it would fill volumes."
