

TUT TUT!

There's Reason for That Strut

Members of the Torrance High Tartan band, who have felt a bit like ugly ducklings, are being transformed into beautiful swans because they are receiving their long hoped and fought for uniforms at last.

The good news was broken to them by Jim Donette, student body president, who informed band members that the Student Council has voted the necessary appropriations for approximately 60 uniforms.

Band members will be sporting their new West Point style uniforms in about two months. The snappy suits will be a dazzling maroon with white trimmings.

It's been three years that Tartan band members have been exhorting the powers that be for these indispensable accoutrements of any proud high school band.

If the music should turn a little sour at first, it will probably be because it is hard to strut and play all at the same time.

Illitch Addresses Lions Club

"This 1954 observance of the Bill of Rights Week is the most gratifying demonstration of re-dedication to our basic American principles, the Southland has seen in many years."

This statement was made by M. P. Illitch, chairman of the board, Southwest Bank, Inglewood, in an address before the Torrance Lions Club, at Palms Cafe, 1925 W. Carson, Torrance, Tuesday, Dec. 7.

"Every community in the whole Southland is doing something constructive to call the attention of its residents to the importance of re-dedicating ourselves to the precepts our founding fathers laid down," said Mr. Illitch.

"The support of the newspapers, radio and TV is something all Americans can be proud of. They have kept our traditional free press and freedom of speech alive through the years, and without them, the observance of Bill of Rights Week would be much less effective."

Bill of Rights Week, Dec. 9-15, was the 14th annual local observance of the anniversary of the ratification of the first ten Amendments of the Constitution on Dec. 15, 1791.

Painting Stucco

Answers to questions about Nalcrete

Q. What new development has revolutionized the painting of stucco homes?

A. "Dutch Boy's" amazing new polymer paint, Nalcrete.

Q. How does Nalcrete differ from ordinary paints when first applied?

A. Ordinary stucco paint often looks blotchy at first then "weathers" out to a uniform color. But Nalcrete gives a beautiful, uniform color the instant it is dry.

Q. What happens as Nalcrete "ages"?

A. Nalcrete holds its color without fading; washes sparkling clean in hard rains, leaves no dirty streaks. It defies sun, storm and fog, and, most important, it does not react with the alkali present in most masonry surfaces.

Q. Is Nalcrete available in colors as well as white?

A. Yes... in a wide range of colors from the "Dutch Boy" Color Gallery, plus easy intermixes.
