

Dress up your home with Color extensions

Extension telephones have a new look these days. They have color. Color to blend with the interiors of your home. Color to match your furniture or your drapes. Color to make them as decorative as they're useful in any room in your home.

Color phones come in red, blue, green, yellow... beige, brown, gray or ivory. Or in smart "two-tone" combinations of jet black with red, green, ivory or gray. Call your telephone business office today or tomorrow.

Noted Film Slated At El Nido Church

The noted Christian film, "Dead Men on Furlough," will be shown this Sunday (May 22) at 7:30 p.m. at the First Baptist church of El Nido, 4558 West 182nd street.

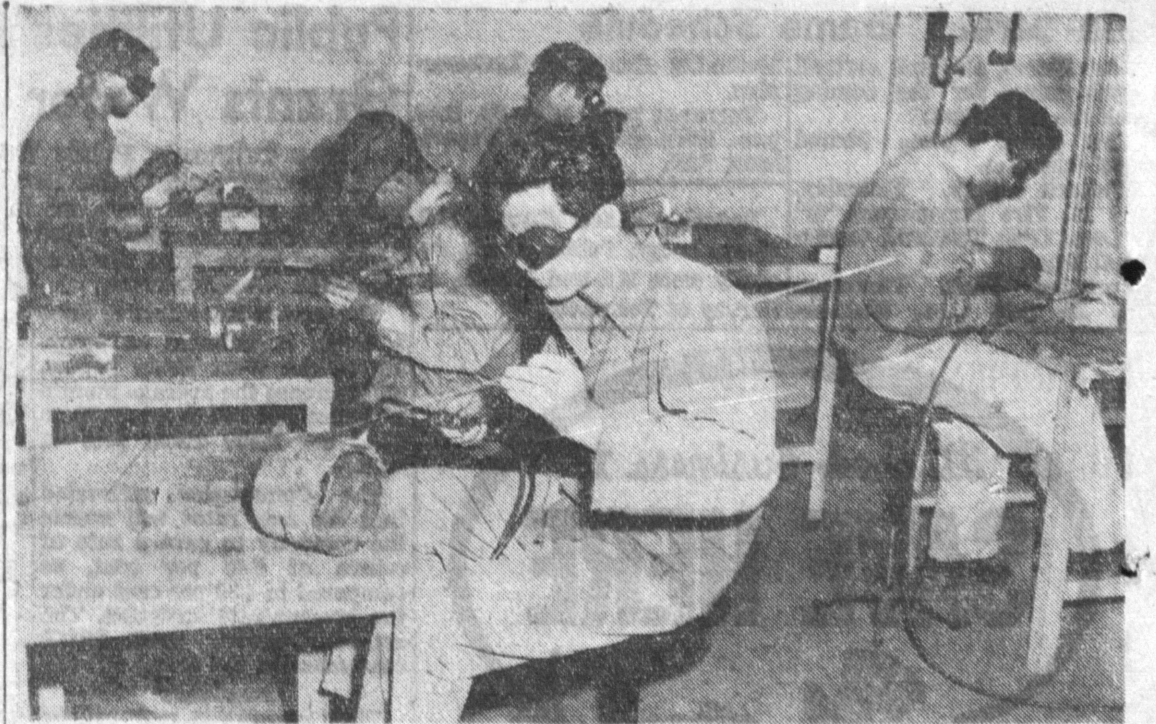

The real-life drama is based on the story of a Korean Christian whose name has been changed to protect those still behind the "bamboo curtain" and whose lives are in jeopardy.

Members of the college music department will present a program of vocal and instrumental numbers at 9 p.m. Friday under the direction of Instructor R. Neil Hill.

Art exhibit will occupy the Campus center throughout the duration of the open house. Watercolors, ceramics, oils, drawings, ceramic sculpturing and advertising art displays will be exhibited.

Among the unusual displays planned is the agricultural exhibit of blooming cysanthemums. Instructor Charles Luger and his classes have raised the flowers under black cover to ensure their blooming for the instructional exhibits. Plants will be offered for sale to the public, Luger explained. Twenty-five student guides will escort guests to the various areas of the campus and members of the faculty and administrative staff will be present to answer questions of visitors.

Other Exhibits "Virtually every department will sponsor an exhibit in its own area," Dr. Harless notes. Among these will be displays in cosmetology, chemistry, physics, radio, upholstery,

their parents and friends.

The first performance held at 10:30 was for the morning session students, and the second at 1:30 for the afternoon classes. The costumed children of each grade danced different numbers, and the school band played several selections. The program was climaxed with all the children joining in the Bunny Hop.

May was held before the start of the morning festival and featured a panel discussion of cur-fews, lipstick and allowances. On the panel were students Carla Cramer, Douglas Hardcastle, and Bob Lewis, and parents Mrs. Carl Cramer, Mrs. Glenn Hardcastle and Mrs. Dora Lewis. The audience was given the opportunity to ask questions and make comments.

Look for the seal of Long Life

this Gas water heater will still be going strong!

Talk about long life in a water heater! The automatic Gas water heater you see in the picture carries the new Verified Long Life seal. It's your assurance that the water heater measures up to top-quality standards.

For one thing, these Gas water heaters are made of heavy gauge steel lined with glass or are made of copper. That's your assurance of extra long life.

So take this suggestion. When you buy a new automatic Gas water heater, look for the Verified Long Life seal. You'll be sure of a top-quality appliance... one that will give you years and years of carefree hot-water service. And, remember, this seal is to be found only on automatic Gas water heaters. See your neighborhood plumber for details.

Have you added appliances recently? If you've added—or are planning to add—those wonderful new conveniences such as automatic clothes washers and dish washers, remember: they like lots of quick hot water. You'll enjoy them most if your automatic Gas water heater is the right size for your needs.
