### Seminar Held For Teachers

Lyle Tussing, El Camino faculty club president, and Mrs. Mildred Hanger, president of the Torrance Education Association, were among the 235 delegates from all over California who recently attended the California Teachers association seminar for local presidents. This was first statewide leader-

ship conference held by the 80,000-member CTA. Central topic of the conference was the problem of providing creative leadership in local teacher clubs. Among the subjects discussed were how to plan the year's program, techniques of presenting school problems to the community, and the importance of local associations to educational progress.
