Lazy Bones

By Maude Miller

Smartest man we ever heard of once made the smartest observation we've ever heard . . "I like work; it fascinates me; I can sit and look at it for hours." Seems especially apropos today for, fog, smog, damp and cold notwithstanding, Spring Fever has us in its lazy grip! Just like the man who was engaged in his favorite occupation . . . just lying in the shade of a big tree. His wife * If you'll address your own incame out and yelled, "Loafing, surance questions to this office, always loafing! All you ever we'll try to give you the correct do is loaf!" "Maybe so," replied answers and there will be no the man, not moving, "but it's charge or obligation of any kind. better than doing nothing, isn't

So if you're feeling a mite unambitious too . . . but the kids' clothes are beginning to 1407 MARCELINA get that frazzled look . . . as they often do come Spring . . why not save some wear and tear on yourself? How? Simple! Trot downtown and into SAM LEVY'S DEPT. STORE, turn the little darlings loose, and say, "Go! Pick yourselves out something to wear."

Well, maybe it isn't quite that simple . . . but almost so. Pretty dresses for Junior Miss or Little Missy, fresh, bright, and perfectly styled for the petite figure . . . are just bursting out of the racks at the rear of the store! Frankly, it hurts me just to go back there . . . 'cause the Miller clan is made up exclusively of sons, and I'm always yearning for something to put those frills and petticoats on. Can't really complain though . . . 'cause Boy Side stuff is almost as good looking. Especially those McGregor striped shirts in red, navy or sky blue on a white background . . . many of them with matching swim shorts (cut neat and brief and unusually well-fitting). And that table of peggers, jeans, denims and dress pants has made life considerably easier for Yours Truly. You can dude Junior up practically blind-folded. And wait till you see him in those new Ivy League type papts, with the belted back. They are strictly for flat tummied youngsters though. Stylish Stouts are beautifully taken care of in all the Husky sizes . . . And accessories are never a problem at SAM LEVY'S either . . . from belts to shoes, socks and bags . . . the Young Fry can be outfitted in one area by men and women who know you and like the kids. See . . . we told you it pays to be lazy!

Woman Side

We really ought to keep it a secret . . . because it's like having a private gold mine. But we'll share with you . . . SAM LEVY'S has the best collection of Summer bags at the best prices anywhere, anytime! Take a look-see for yourself at the small counter right smack In front when you enter the STORE. Purty, practical, pleasurable purses, indeed!

Suits, suits, suits! No ridicu lous claims to make like the pitches you hear on television. SAM LEVY'S has always been noted for style, quality and price! And fit, too . . . because you don't walk out with a suit unless it fits, perfectly! And . . free alterations by an expert! Throw in one of the new spring ties, and she'll think you're her Prince Charming even if you've never been near Monaco!

Our Side

Hear tell our Credit Column last week had some good results! Glad you believe in us, Folks . . . because we sure believe in you! It's fun serving a community of such nice people . . just as much fun as you have shopping downtown right here at home. Especially at 1311 Sartori. SAM LEVY DEPT. STORE. Naturally!

How much will it cost to send your children to college?

Now, when they're still in the Jungle Jim stage, is the time to start planning your children's college education. But do you realize that the average cost, including tuition, board, room and other fees, is about \$1,250 per year per child?

Where is all this money coming from? In thousands of cases, it comes from the savings accounts that forward-looking parents have built up over the years in insured Savings and Loan Associations. Here are the advantages these Associations offer:

1. Your savings bring excellent returns, for these Associations invest most of their funds in sound,

steady-paying home mortgages.

2. Your savings are safe. They are protected by sound management and substantial reserves, and insured up to \$10,000 by an agency of the U.S.

3. You deal with friendly, experienced people. People who really care about you-and your community. So if you want to be sure your chil-

dren enjoy all the advantages of a college education, open a savings account in an insured Savings and Loan As-

The editors of "Motor Trend" voted Ford's Lifeguard Design "the top car advance" of 1956. It's a whole family of safety features to help protect you from injury in case of accident.

a Ford V-8 won over all cars in its class. It carried more weight with greater gasoline economy per pound than any competitive car ... "sixes" as well as "eights"!

The way a Ford performs, the way it saves, the way it protects you, go hand-in-hand with the way it looks and lasts. Ford's look was inspired by America's most exciting car, the Thunderbird. Its rugged K-bar frame and carefully-built body give it the endurance and reliability traditional with Ford. These are the facts behind Ford's reputation as the car that's worth more when you buy it . . . worth more when you sell it, too! Come in and let us show you!
