

# WILL YOU SPEND A FEW MINUTES TO SAVE REAL MONEY . . .

Then go through these food values item by item and price by price. Compare them with what you are paying elsewhere for the same famous brands . . . the same high quality meats and produce. Write down a list of the values you want to buy. Add up the cost. Your own figures will prove the fact—you'll buy them for less at FOODS CO. !And what's more—we'd need 10 ads this size to print all the low-priced values that fill every department of our market. Come see for sure—come save for sure!
