

Dr. Hull Will Attend State Conference

Superintendent of Schools, J. H. Hull will join more than 100 educators from 10 western states at a 2-day Conference on Human Relations Education opening May 11 at the University of Southern California.

The conference is sponsored by USC's School of Education and the Anti-Defamation League of B'nai B'rith.

Purposes of the conference are to examine basic concepts of human relations education, clarify concepts on the role education plans in creating inter-group attitudes and patterns of behavior, and explore the needs of pre and in-service teacher training with respect to inter-group education.

Six discussion groups and three general sessions are planned.

Principal speakers at the conference will be Dr. Harold R. W. Benjamin, George Peabody College for Teachers; Dr. Hilda Taba, professor of education, San Francisco State college; and Dr. Milton J. Gold, director of curriculum, Washington State Department of Public Instruction.

Lease for Post Office Annex OK'd

The Post Office Department has accepted a lease proposal for a new parcel post annex for the Torrance post office, Regional Director Verne Scoggins announced today.

Answering an inquiry from Senators William F. Knowland and Thomas H. Kuchel, Scoggins said the growth of the Torrance area required larger facilities in order for postal service to handle the increasing volume of mail.

A new concrete building containing 7,047 square feet, plus a loading platform of 1,125 square feet and a postal vehicle parking area of 21,600 square feet, will be constructed on the north side of Torrance blvd., between Amie and Hawthorne. The lease is for a 15-year term, with one five-year renewal option, effective Nov. 15, 1956. The successful bidder was Tryatt Investment Co., 9231 W. Olympic blvd., Beverly Hills.

The present Torrance post office annex contains 2107 square feet.

Litterbugs Will Be Arrested

Persons apprehended scattering trash and rubbish along public highways will be arrested, says the California Highway Patrol in emphasizing an enforcement program designed to curtail this type of activity in California.

"A law prohibiting the throwing of cans, bottles, papers, garbage and other refuse on our highways was placed in the California Vehicle Code by the 1955 Legislature," said Patrol Commissioner B. R. Caldwell. "This restriction against litterbugs prohibits the scattering of trash anywhere along the right-of-way of a public highway.

The Patrol will continue positive enforcement action against violators of this law," Caldwell continued. "Our highways can be kept clean and beautiful if motorists will carry a trash bag or other receptacle and keep cans, papers and trash in the car until it can be disposed of properly.

Everyone should want clean highways, so don't rely on enforcement agencies to stop littering. Do it yourself."

EC College Poli Sci Exams Set

For the benefit of teachers in the area of Southwest Los Angeles county, El Camino college will offer a political science examination to meet the contention requirements for teaching credentials.

Scheduled for Friday, May 18 at 4 p.m., the test will be conducted in the Social Science building which is adjacent to the administration building, 16007 South Crenshaw boulevard.

Commenting upon the nature of the examination, Dr. William H. Harless, director of instruction at El Camino, said:

"The material which will be covered in the exam has been taken primarily from the Constitution of the United States. However, there are some facts of a rather fundamental nature which all teachers should know and which are not necessarily to be found in the Constitution."
