### Rolling Hills Planning to Form City

Plans to circulate petitions asking for the incorporation of Rolling Hills into a city were revealed last week, according to Owen Goodman, chairman of the newly formed Rolling Hills Committee for Incorporation.

"Our primary purpose is to maintain the privacy of our roads," Goodman stated. He said that residents are concerned that the county is planning to make Crest road into a four-lane scenic highway. By incorporating, this would not be possible without the city's permission.

Police protection is planned similar to the "lease" plan now in operation in the city of Lakewood, where the new municipality leases sheriff's protection from the county. It is expected the necessary signatures will be obtained within 30 days, Goodman said. Signatures of one-fourth of the area's nearly 600 property owners is needed before the Board of Supervisors can set hearing and election dates.

### Catch P.V. 'Panther'

The phantom panther of Palos Verdes turned out to be nothing more than a two-foot-long black pussycat this week.

Responding to call that the black panther had been seen again, heavily armed police converged on a brushy area near the city's reservoir Sunday.

The tantalizing mystery of the phantom panther was finally solved when the wild alley cat stalked out of the brush.
