Clean Camp Awaits Girls

Windows are washed, curtains ironed, and cabins stained ready for the 1956 camp season, because an enthusiastic group of Harbor Area YWCA camp supporters spent a work-week-end at Camp Tahquitz Meadows.

"These and other tasks were initiated in order to get camp ready to open on June 26 for the first camping period, Mrs. Larry Lightner, chairman of the Camping council of South-

ern California, reported.

The camp is located 19 miles east of Hemet on Highway 74 in the San Jacinto Mountains, 5 miles from Idyllwild.

Teen-age girls wishing to attend the camp may make reservations immediately at their local YW to insure a place at camp.

The camping season runs from June 26 to August 28 with nine camping periods during this time.
